TIPS AND TRICKS

Instant Text

The fastest way to start writing a text message? Press the **Up Navigation Key**.

Changing the Display Language

The display language is preset to Automatic at the factory. To change the language, use the Language menu.

1. In Idle mode, press the **Menu Key**.
2. Select **Settings > Set Phone > Language**.
3. Select a language (English or Spanish) and save the setting.

World Time

Your customers can quickly see what time it is in New York, L.A., and 28 other regions around the world.

Symbol Mode

This enables your customers to insert symbols and punctuation marks into text. To enter symbol mode when texting, press and hold the **# Key**.

SGH-T301G

“number one in brand loyalty seven years in a row”

Samsung mobile phones have been rated number one in brand loyalty by consumers seven years in a row, according to Brand Keys, a leading independent authority on brand loyalty.

* Many of the services and features described above are network dependent and may require additional subscription and/or usage charges. Not all features are available for purchase or use in all areas. Other conditions and restrictions apply. See carrier for more information. Battery performance depends on network configuration, signal strength, operating temperature, features selected, and voice, data, and other application usage patterns.
** The Samsung SGH-T301G supports Bluetooth Profiles for wireless handsets and hands-free accessories.
