

2 Pack of 720p HD Wired Security Add-on Bullet Cameras

Presenting Night Owl's new 720p HD Analog (HDA) Series cameras, compatible with Night Owl AHD7 & HD Analog Series DVRs. This add-on 2 pack of cameras come equipped with an advanced 720p sensor with 70 degree viewing angles, 100 ft. of night vision, an Indoor/Outdoor sturdy housing, auto IR cut filter, low-lux sensor, vandal-proof bracket and 60 ft. of cable per camera.

This additional 2 pack allows you to expand your current Night Owl security system, giving you even more coverage for your business or home! The cameras are housed in a sleek black polycarbonate indoor / outdoor housing. The advanced low-lux sensor and super bright led's can pickup objects at night up to 100' away.

Modern High Definition technology is amazing for movies and sports, and now, it's even better for video security! The latest in cutting edge HD technology has greatly impacted the video surveillance market. Customers continue to demand more enhanced image quality for use in applications where showcasing movement and identifying objects are vital. Nothing is more precious than your family, your home, your business and your peace of mind. Clearer HD images and video greatly enhance the recognition of intricate details such as license plate numbers and distinct facial features. With the introduction of HD resolution in security cameras, clearer and sharper images have become the new standard!

Key Features

- 720p Indoor/Outdoor HD Wired Bullet Cameras
- 100 ft. of Night Vision
- 70° Wide Angle Viewing
- Includes 60 ft. of upgraded 24AWG cable per camera
- Compatible with Night Owl AHD7 & HD Analog Series DVRs
- 24/7 Technical Phone Support

HD Analog Add-on Cameras

Want to expand and add cameras to your Night Owl Security DVR System? Purchase this 2 pack of 720p HD Wired Security Cameras and view your video in 720p HD! Includes 60 ft. of cable per camera (120 ft. total) so you can easily connect them to your existing Night Owl DVR.

720p HD Indoor/Outdoor Wired Cameras

The HD Analog 720p wired cameras are equipped for facial recognition & night vision ranging up to 100 ft. with an auto IR cut filter sensor that produces a clear and crisp image day or night. All cameras are designed for use both indoor and outdoor, rain or shine, for an extra layer of safety and deterrence. If there's something out of place at your home or business, it won't escape the watchful eyes of these Night Owl Wired Security Cameras. That's peace of mind, all the time.

Backwards-Compatible with Analog BNC Cables

Night Owl's unique HD Analog series technology is also backwards-compatible with existing analog cabling. Keep your original industry standard BNC analog cables that are installed in your home or business and just add on Night Owl's HD Analog 720p cameras (Please note that these cameras are only compatible with Night Owl's AHD7 & Analog HD series DVR's).

Wide 70° Viewing Angle

These 720p HD bullet cameras feature a 70° field of view over the standard 42° view of most cameras. This expanded field of view offers a better picture while monitoring larger and distant areas with ease and precision.

Vandal-Proof Camera Mounts

Night Owl HD Analog 720p wired cameras come equipped with a 3-axis vandal-proof mounting bracket. The cable runs directly through the center of the bracket into the wall or ceiling, preventing exposure that could attract potential intruders.

24/7 Support, Available 365 Days a Year

At Night Owl, our goal is to provide an incomparable experience for any technical support required. We provide more assistance than any other security brand by offering bi-lingual (English, Spanish) 24/7 phone support, 365 days a year.
