

GTD732
Thunderbolt 2
 KVM / Docking Station

**World's First
 Thunderbolt 2
 KVM Docking Station**

Mobile computing no longer means sacrificing performance and flexibility for convenience. IOGEAR's award-winning Thunderbolt 2 KVM Docking Station transforms computers into complete, high-performance workstations using a single Thunderbolt 2 port. The industry's first Thunderbolt KVM solution takes flexibility to the next level by enabling users to connect a SECOND Thunderbolt 2-enabled computer and allowing both computers to share connected resources with the simple push of a button.

Sleek Full-Featured Workstation

Designed for your Mac setup, this incredibly versatile unit allows you to connect up to 4 additional Thunderbolt 2 devices (daisy-chained via the Thunderbolt 2 port). Moreover, it allows you to connect up to two additional monitors at HD and 4K (UHD) resolution, via the HDMI and Thunderbolt 2 ports.

An additional 5 USB ports are available for your peripheral devices such as keyboard, mouse, printer, USB drive, camera, etc. GbE LAN port, as well as digital audio input/out are also provided for a full-featured workstation functionality.

**Thunderbolt 2 KVM and Docking Station –
 Redefining Connectivity Standards**

This ultra-sleek, aluminum body casing hybrid is the future of connectivity. IOGEAR's Thunderbolt 2 KVM Docking Station brings the best of both worlds: it allows you to seamlessly transition from your life on-the-go to your home office and back in the most stylish and intuitive way.

Redefining the standards in connectivity, IOGEAR's Thunderbolt 2 KVM Docking Station is designed to elevate your Thunderbolt 2 setup by connecting up to two Thunderbolt 2 enabled laptops / computers and switching between them with the push of a button.

Intuitive Daisy Chaining

The KVM Docking Station knocks down any connectivity obstacle in your way so you can build the ultimate workstation setup. Utilizing just one Thunderbolt 2 port on the docking station, you can connect up to a total of 4 additional Thunderbolt 1 or Thunderbolt 2 enabled devices from the Thunderbolt 2 port on the docking station; such as external disk array, video capture appliance, Thunderbolt monitor, etc.

Blazing-Fast Speed

The IOGEAR KVM Docking Station is a connectivity powerhouse. With ultra-high speed bandwidth expansion and a data transfer rate of up to 20Gbps, the KVM Docking Station will allow you to transfer data 4 times faster than USB 3.0, 40 times faster than USB 2.0 and 25 times faster than Firewire 800! With that kind of speed, you can transfer a full-length HD video in a matter of minutes. Utilizing the advantage of the ultra-high speed bandwidth on the Thunderbolt 2 technology, the KVM Docking Station provides peripheral connections as well as data transfer in a breeze.

GTD732 Thunderbolt 2 KVM / Docking Station

Features

- Share your peripherals and Thunderbolt 2 devices between 2 computers
- Supports 4K (UHD) resolution
- Supports dual displays with HDMI and Thunderbolt 2 monitors
- Daisy chain up to 4 additional Thunderbolt devices (5 total)
- Ultra-high speed bandwidth expansion for 4 times faster data transfer than USB 3.0 and 25 times faster than FireWire 800
- Ability to connect up to 11 devices and peripherals directly to the dock
- Integrated 3-port USB 3.0 and 2-port USB 2.0 Hub for external USB drives, cameras and phones
- Optical audio-in/ audio-out port provides 5.1 digital audio
- Gigabit Ethernet port (RJ-45)
- eSATA interface
- TAA Compliant
- Backwards compatible with Thunderbolt 1

Requirements:

Thunderbolt enabled computers

- Thunderbolt 2*: 20Gbps
- Thunderbolt 3**: 20Gbps (Systems with extra legacy adapter (IOGEAR Part # GUC3TB32))

Thunderbolt 2 compatible product:

MacBook Pro (Retina, Late 2013 and later), Mac Pro (Late 2013), iMac (Retina 5K, 27-inch, Late 2014), Mac mini (Late 2014)

Package Contents:

- 1 x Thunderbolt 2 KVM Switch
- 1 x 1m (3ft) Thunderbolt Cable
- 1 x AC Power Adapter
- 1 x Base Stand
- 1 x Quick Start Guide
- 1 x Warranty Card

* Only systems that include Thunderbolt 2 can take advantage of the 20Gbps transfer speed
 ** Thunderbolt 3 Systems with extra legacy adapter (IOGEAR Part # GUC3TB32) can take advantage of the 20Gbps transfer speed.

SPECIFICATIONS

Function	GTD732
Cable Connections	
Input	Thunderbolt 2 (Dual Inputs)
Output	Thunderbolt 2
Cable Length	3.3ft (1m)
Cable Type	Thunderbolt™ 2 Male to Male Cable
Connectors	
Audio Input	Optical Line-In
Audio Output	Optical Line-Out
Computer Side	Thunderbolt Port
Power	12V 7.5A Full Range Power Adapter
USB	3 x USB3.0 Data Port ; 2 x USB 2.0
Video Output	HDMI and Mini DP (Thunderbolt)
SATA / eSATA	eSATA Port x 1
LAN	Gigabit Ethernet

Function	GTD732
LEDs	
Power On	White LED
Dimensions	
Unit Dimensions	
Height	7.22" (18.34cm)
Depth	3.84" (9.75cm)
Length	2.24" (5.7cm)
Unit Package Dimensions	
Width	6.3" (16cm)
Height	8.75" (22.25cm)
Depth	5.51" (14cm)
