- ! The manufacturer accepts no responsibility for incorrect installation.

Step 1. Check Components

Check you have received all parts against the component checklist and Hardware above.

Step 2. Install Ceiling Plate

Step 3. Install Ceiling Plate Cover

Step 4. Attach Pole Assembly to Ceiling Plate

Step 5. Position Ceiling Plate Cover

Step 6. Set Height of Pole

A. Loosen (do not remove) Socket Cap Screws x2. Support lower half of Pole Assembly whilst loosening.

B. Slide lower half of Pole Assembly to the desired height.

C. Once at the desired height, tighten the Socket Cap Screws (x2).

Step 7. Centralise Pole Joint

If necessary, centralise the Pole Joint by tightening the Set Screws (x2) to suit.

Step 8. Attach VESA Plate to Display

Step 9. Attach Display to Pole Assembly

Step 10. Cable Management

Step 11. Height Adjustment

Step 12. Final Adjustment

Installation Complete
