

LIMITED ALIGNMENT WARRANTIES

Sears offers different alignment warranties, ("Wheel Alignment Services"), each are defined as the measurement, analysis, and adjustment of steering and suspension angles to conform to manufacturer specifications. For preventative maintenance, your alignment should be checked every year or 12,000 miles. The warranties are:

1. **SIX MONTH STANDARD ALIGNMENT:** If the tires on the vehicle described on the front of this invoice experience uneven wear or if the alignment of this vehicle is outside the vehicle manufacturer's specifications within 6 months or 6,000 miles after your initial purchase of an alignment, whichever occurs first, we will perform another Wheel Alignment Service free of charge.

2. **ALIGNMENT, 1 & 3 YR SERVICE PLAN:** Purchase of the 1 or 3 Year Alignment Service Plan entitles you to Wheel Alignment Services when necessary, at no charge, for up to 1 or 3 years, respectively, from the date of purchase; this Alignment Service Plan runs concurrent with, not in addition to, the "GENERAL AUTOMOTIVE SERVICE WARRANTY". 3-Year service available only in Puerto Rico locations.

3. **LIFETIME ALIGNMENT SERVICE PLAN:** Purchase of the Lifetime Alignment Service Plan entitles you to Wheel Alignment Services, whenever needed, for as long as you own the vehicle described on the front of this invoice; this Alignment Service Plan runs concurrent with, not in addition to, the "GENERAL AUTOMOTIVE SERVICE WARRANTY."

WHAT IS NOT COVERED BY OUR ALIGNMENT WARRANTIES: For all alignment warranties, the warranty is non-transferable and valid only for the owner and vehicle for which it was originally purchased. If parts are required to restore the vehicle to manufacturer's alignment specifications, then those parts and the labor required to install them are not covered. If steering and suspension angles do not conform to manufacturer specifications and these angles are not adjustable, component replacement or correction kits may be required and are not covered by this warranty. Failure to replace or correct suggested parts or service may prevent a proper alignment. This alignment warranty does not apply to vehicles used for commercial, racing, or off-road purposes, showing signs of defective parts or abuse, having altered suspensions or having suspension work performed by other persons or companies during the warranty period. This warranty is subject to the "GENERAL LIMITATIONS" that are listed in the "GENERAL LIMITATIONS" section.
