UPC# 841057102930

Purchase Date: ____/____/____

5 YEARS WARRANTY FOR FRAME AND FINISH

2 YEARS WARRANTY FOR POLYCARBONATE PANEL

WHAT IS COVERED:

The item is warranted to be free from defects in frame & finish for a period of 5 years and Polycarbonate panel for a period of 2 years. However, we don't reimburse for transportation or delivery costs, or compensate the individual or any outside party for assembling or disassembling the product. This limited warranty is extended to the original purchaser and applies to defects in materials and workmanship of your item, provided the item is maintained with care and used only for personal, residential purposes.

Frame: 5 year

Resin Wicker: NA

Table Surface: NA

Fabric: 1 year

WHAT IS NOT COVERED:

This warranty does not cover: furniture used for commercial or non-residential purposes; failures caused by improper care; unreasonable or abusive use; freeze damage; acts of nature. In addition to limitations and exclusions already listed, warranty coverage excludes the following: hardware against rust and corrosion; purchased or replaced parts; loss of use or time; inconvenience, money, travel, packaging; incidental, special or consequential damages of any kind. Some states do not allow exclusion or limitation of incidental or consequential damages, so that limitation might not apply to you. You may also have other legal rights that vary from state to state.

HOW TO PROTECT YOUR PRODUCT:

Storage:

- To improve the lifespan of this furniture, cover when not in use and store in a dry place in the off-season. Check out Covershield product at Sears.com/Kmart.com for a wide variety of products.

Cleaning and Care:

- It is advised that the polycarbonate roof should be removed in the winter for best protection and length of use. Our steel components for garden accessories and furniture are treated with rust inhibiting paint that protects them from rusting. However, due to the nature of steel, surface oxidation (rusting) will occur once these protective coatings are scratched. This is a natural process and is not a

defect! To minimize this condition, we recommend care when assembling & handling the product 5

- To prevent scratching the paint. Should any scratching or damage occur, it is strongly recommended that consumers buy touch up paint prior to the assembly process so that any parts they scratch during assembly are touched up. Surface rust can also be easily removed with a very light application of common cooking oil. If surface oxidation (rusting) occurs and if no measure is taken to prevent this, the oxidation may start dripping on to deck or patio and cause damaging stains, which may be difficult to remove. This can be prevented if the measure is taken to keep the product from oxidizing. Also the use of wax candle to lubricate the zippers once a year will keep them running smoothly.
- The roof of unit can withstand up to 600 lbs of snow accumulation. Please sweep the snow in time when the snow depth is more than 10inch.
- This gazebo is intended for decorative and sunshade purposes only and is not meant to withstand inclement weather including high winds, rain and snow. Polycarbonate roof is water resistant, not water proof and may leak during exposure to precipitation.

MANUFACTURE CONTACT INFORMATION:
