Approved by the California Department of Justice as meeting their standards for firearm safety.

4-way locking with 1.5" live action locking bolts—up to 10 locking points.

Tested and verified to be fire resistant for 30 minutes up to 1400° F by ETL—an independent testing lab.

Fully carpeted interiors are included on all Elite safes. Safes that hold 24 guns or more also include convertible interiors and a factory installed door storage/organization system.

Electronic lock includes operational lights for open, low battery warning and incorrect entry. There is a time out period after 3 incorrect attempts. Batteries are easily accessible from the front. A drill resistant, hardened steel plate is located behind the lock for greater security. A backup key is included.

3-number combination lock with a drill resistant, hardened steel plate behind the lock provides greater security.

Not fire rated for storage of CDs or other electronic devices. Fastening hardware is included with each safe.

NEW
Retail POS

Pack and store your gear in less time. System includes:

- Removable, zippered bags and holsters for pistols which provide greater flexibility.
- Large document pocket.
- Multi-purpose storage loops for knives, game calls and clips.

**Door
Organization
System
Included**

Extra large 1.5" steel, live action locking bolts.

**Extra
Large
Locking
Bolts**

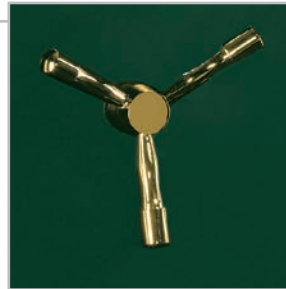

Reinforced steel doors are filled with fire retardant material.

Door stripping expands when exposed to heat, sealing the door and protecting the safe's contents from a fire.

Patented Barrel Rests and Standoffs (on full sized safes)

- Provide optimal storage for long guns—especially scoped rifles.
- Sized to accept rifles as well as side-by-side shotguns.
- Keeps scoped rifles away from walls and provides for one position storage.
- Greater durability.

Large, all-steel, 3-spoke handle rotates to extend and retract live action locking bolts.
