Product Details

Product Dimensions: 18.9x15.7x31.3 inches / 480x400x795mm

Shipping Weight: 71 pounds / 32Kgs

Model Number: HL10CESWG

Honeywell Portable Air Conditioner – Stay cool. Stay dry.

The HL series is a new addition to the contemporary, stylish and powerful Honeywell Portable Air Conditioners. The HL10CESWG 10,000 BTU Honeywell Portable Air Conditioner combines 3-in-1 technology into one luscious and sleek body, cooling and dehumidifying areas up to 350 square feet. It features an environmentally friendly refrigerant, auto-evaporation system, a reliable dehumidifying function as well as a traditional three speed fan-only function. The HL10CESWG is a convenient portable air conditioner that delivers optimum cooling, dehumidification and fresh ventilation.

Honeywell

The full-function remote control allows you to operate each feature from across the room. Unlike a fixed air conditioner unit, the Honeywell Portable Air Conditioner requires no permanent installation and the smooth-gliding caster wheels provide easy mobility from room to room. What's more, the auto-evaporation system allows for hours of continuous operation with no water to drain or no bucket to empty (this operation depends on the humidity level at your location). A special sleep mode setting allows you to control the temperature for comfort during the night. This portable air conditioner comes with everything needed including a flexible exhaust hose and an easy-to-install window venting kit. The window vent can be removed when the unit is not in use.

Multiple Operating Modes

Air Conditioner Mode:

- 10,000 BTU portable air conditioner cools areas up to 350 sq. ft
- Quiet operation (52 dbA)
- R410A environmentally-friendly refrigerant
- Auto-Evaporation System: Collected water from cooling is removed automatically. No bucket, no-drip design (*this operation depends on the humidity level at your location)

Fan-Only Mode:

- Gently circulates air even when air conditioner cooling is not needed

Dehumidifier Mode:

- Removes excess moisture from air (Ideal for areas with high humidity like basements)
- Dehumidification capacity up to 80 pints per 24 hours
- Continuous Drain System: Connect a drain tube (included) to continuously drain water collected when using in Dehumidifying Mode

Portable Design

- Easy-to-install window venting kit included with adjustable window bracket (from 26.6 to 49.6 inches)
- Smooth gliding castor wheels easily roll unit from room to room

Additional Features

- Quick & Easy Installation – all installation parts included
- Air Vents Automatically Open/Close on On/Off
- Multiple Fan Speeds: High, Medium, Low
- 241 CFM powerful air flow (410m³/hr)
- Washable filter – helps catch unwanted dust particles in the air
- Continuous Drain System – Drain Tube Included
- Digital LED display with soft touch controls
- Programmable Timer (Set to turn ON/OFF in advance from 1 to 24 hours)
- Full function remote control
- 5-Year Limited Warranty
