CARGO CARRIER BASICS:

WHAT TO CONSIDER WHEN PURCHASING A CARGO CARRIER

1. Items you want to carry – size, quantity, especially longer items like skis, paddles, fishing poles, hockey sticks etc...
2. Level of protection and security for gear
3. Ease of loading and unloading
4. Ease of installation and removal
5. Storage of cargo carrier when not in use
6. Location of cargo carrier on vehicle

CARGO CARRIER OPTIONS:

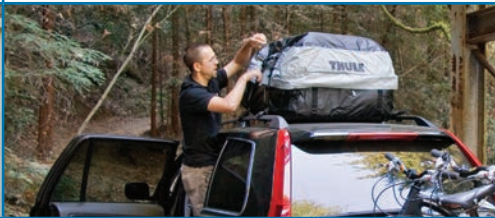

1. ROOF TOP BOX CARRIERS

Transport your gear safely on your roof.

- Carries up to 110 lbs. of cargo
- Allows full access to trunk and hatch
- Leaves space inside vehicle for family members or pets
- Mounts to most factory installed roof racks and after-market roof rack systems such as SportRack and Thule

2. ROOF TOP BAG CARRIERS

Extra carrying space for your vehicle and can be removed and stored easily when not in use

- Capacity – 13 to 15 cu. ft
- Easy to install, remove and store when not in use
- Mounts to most factory installed roof racks and after-market roof rack systems such as SportRack and Thule

3. HITCH MOUNT CARRIERS

Easiest and fastest carrier to load and unload

- Carries up to 13 cu. ft or 150 lbs. of cargo
- Waist level loading and unloading
- Requires a 1.25" or 2" receiver hitch – class II or III

- Warranty – 1 year

Attention Store Associates:

PLEASE BE SURE TO REFERENCE THE APPLICATION GUIDE TO DETERMINE IF YOUR CUSTOMERS REQUIRE A ROOF RACK SYSTEM TO MOUNT THE CAR TOP CARRIERS.

There is a column that indicates if a Roof Rack System is required, see below. Please note that if you see an “FIT TIP” referenced then look in the far right of the chart to see which Fit Tip that vehicle is listing (Details on all the Fit Tips on last page of the guide). Most often the Fit Tip will be indicating that crossbars are required to fit boxes and bags to this vehicle, don't forget to offer this to your customer. Then under Roof Rack Systems you will see the correct Sears sku for the crossbar kit required for each vehicle.

Vehicle Make, Model and Year	CARGO					Roof Rack System Required?	ROOF RACK SYSTEMS		 Weight Limit	ROOF RACK INSTALLATION INFORMATION
