#### ***WARNINGS – GENERAL SAFETY ADVICE***

**Please read these instructions in their entirety before use and retain for future reference.**

Ensure that this product has been assembled correctly per the instructions in this manual.

This manual is designed to help you assemble, adjust, maintain and use the product. It contains important information regarding your child's safety and use of this equipment.

- This unit must be assembled and disassembled by **ADULTS ONLY**.
  - Children must be supervised at all times when using this equipment. **DO NOT** leave children unattended at any time.
  - Children **MUST NEVER** use the trampoline unless supervised by a responsible adult with knowledge of trampoline use.
  - This trampoline is suitable for use by most children 3 TO 8 YEARS OF AGE.
  - **DO NOT** exceed the **MAXIMUM WEIGHT limit of 75lbs (35kgs)** regardless of age.
  - This trampoline is NOT for adult use.
  - The trampoline handle is only intended to assist your child with controlling their bounce and maintaining their balance on the mat. The handle should NOT be used for any other purpose or as a climbing feature.
  - This trampoline is only designed for normal residential indoor use. It is NOT intended for commercial applications and/or in public areas such as schools, parks, nurseries, day schools, day cares, etc.
- For INDOOR USE ONLY: Your trampoline should be placed at a safe distance from any obstructions, stairways, windows, furniture, appliances, etc.
- **DO NOT** allow more than one person on the trampoline at a time.
  - **DO NOT** wear glasses or helmets when using the trampoline.
  - **DO NOT** fall or bounce on your knees -- this can cause injury.
  - **DO NOT** somersault – this can cause serious injury.
  - **DO NOT** allow other persons to go under, sit, stand or lie on or near the frame pads or mat while the trampoline is in use.
  - **NEVER** store items or playthings under the trampoline.
  - **ALWAYS** secure this trampoline against unauthorized and/or unsupervised use.
  - **DO NOT** use or allow use of the trampoline under the influence of any substance or medication which may impair the supervisor's or jumper's judgement and/or coordination.
  - Mount and dismount the trampoline with care as injury may result.
  - **ALWAYS** remove jewelry, belt buckles or any other sharp objects before using the trampoline.
  - **ALWAYS** jump in the middle of the trampoline bed.
  - **ALWAYS** wear socks when using the trampoline.
  - **NEVER** wear footwear (e.g. shoes) when using the trampoline.
  - Before using this product, inspect and replace any worn, defective or missing parts. Although the pad, foam and mat are made to take a lot of wear, over time these parts may need to be replaced. It is important to check the trampoline periodically to ensure the frame is steady and all parts are in good condition.
  - Please read and refer to other warnings and use information in the trampoline instructions before use.
  - Please read and refer to other warnings and use information in the Safe Play Tips before use.
  - Dispose of all packaging materials safely and per local ordinance.

## Maintenance Tips

If the paint is chipped, we recommend you lightly rub the damaged area and cover using a non-toxic enamel paint.

# ASSEMBLY INSTRUCTIONS

## BEFORE YOU START:

- Please read all instructions carefully.
- Please dispose of all packing material carefully and keep it away from children.
- Please read the SAFE PLAY TIPS near the end of this instruction booklet prior to using the trampoline.
- Ensure you have all of the parts listed on the Parts List. If any parts are missing please contact customer service.
- Take a few minutes to familiarize yourself with the contents and instructions before attempting assembly.
- When you are ready to start, make sure that you have the correct tools at hand, and adequate space for assembly.
- **Adult Assembly Required.**

**Step 1:** Find a clear area with appropriate space, then lay out the trampoline frame parts as shown below. Make sure to match Part B to B, Part C to C and Part D to D.

\*Match the holes to what you see in Fig 1a. The holes must be on the inside

**Step 2:** Unfold the mat and slide the 4 Frame Leg Foams in between the pre-sewn loops that are surrounding the mat. If needed, see Fig. 2 for clarification.

\*The warning label should be facing upward.

**Fig. 2**

**Step 3:** Slide the Frame Legs into the Frame Leg Foam. Make sure you keep the Frame Legs in the same order which was detailed in Step 1.

**Fig. 3**

**Step 4:** Assemble the handle by affixing the handle legs together to form an arch. Make sure the locking snap pin fits securely into the hole. DO NOT insert bolts into the rear legs on the trampoline until the Handle has been secured.

Place the handle arch in between the Frame Legs. Make sure that each of these is separated with 2 spacers.

**NOTE: DO NOT FULLY TIGHTEN THESE NUTS BEFORE ALL FRAME LEGS ARE ASSEMBLED IN STEP 6.**

As shown in Fig 4, insert the Long Bolts through the square shaped holes and tighten using a washer and nut. Repeat this step for the other end of the handle arch, again ensuring that 2 spacers are used.

Fig. 4

**Step 5:** To secure the Frame Legs together, place a spacer between each of the frame legs. Next, insert a shorter bolt into each of the square shaped holes, passing through both the spacer and the hole on the next frame leg. Tighten using a washer and nut. Repeat this for the remaining frame legs as detailed in Fig 5. NOTE: DO NOT FULLY TIGHTEN THE NUTS.

The trampoline must be on flat, level ground and the mat and leg structure is fully centered and squared. Once this is done, fully tighten each nut and bolt. Make sure you remember to tighten the nuts and bolts from Step 4 before proceeding.

Fig. 5

**Step 6:** If the trampoline is not flat (meaning either leg cannot touch the ground), then there is too much tension on the fittings of the tubes. Press the trampoline diagonally, or bend a bit of the leg that doesn't touch the ground – this will make the trampoline stand completely flat.

(See Fig. 6a and Fig. 6b )

**Ensure all the nuts and bolts are secure before use.**

IMPORTANT!  
Do not overtighten hardware.  
Overtightening hardware will  
damage the product.

## **CARE AND MAINTENANCE**

Your trampoline is designed to be very low maintenance.

- If any part of the trampoline requires cleaning, simply wipe with a damp cloth. (Do not jump on the trampoline after cleaning until completely dry).
- If the paint is chipped, we recommend you lightly rub the damaged area and cover using a non-toxic enamel paint.

**IMPORTANT:** While no regular maintenance is required, you must inspect the trampoline before each use and replace any worn, defective or missing parts. The following conditions could represent potential hazards: missing, improperly positioned, or insecurely attached frame padding; punctures, frays, tears, or holes worn in the bed or frame padding; deterioration in the stitching or fabric of the bed or frame padding; a bent or broken frame; a sagging jump mat; sharp protrusions on the frame or suspension system. Cease using trampoline immediately and secure it against unauthorized use if any of these conditions are present.

## **SAFE PLAY TIPS**

- ALWAYS supervise your children while they are playing on or around the trampoline.
- The unit is NEVER to be used by more than one child at a time.
- The trampoline is designed so the child can bounce and balance on the mat. Successfully meeting this challenge builds children's confidence as well as helping muscular development and coordination. Confidence depends on success – so it is important to allow your children to learn at their own pace, giving them a helping hand when necessary.
- NEVER allow your child to attempt somersaults or flips on this trampoline as it is not designed for such play features.
- The trampoline should NOT be used in conjunction with, or attached to any other play equipment.
- The trampoline handle is only intended to assist your child with controlling their bounce and maintaining their balance on the mat. NEVER allow a child to use the handle for any other purpose or as a climbing feature.
- This trampoline is NOT intended to be used by adults.
- Children are NOT to stand or sit on the edge of the trampoline.
- Children are NOT to perform knee or drop bounces on the trampoline.
- ALWAYS secure the trampoline when not in use to prevent unauthorized and/or unsupervised use.
- NEVER store items, playthings, or allow pets or other children to crawl under the Jump Mat at any time.
