

6-MONTH REPLACEMENT PARTS WARRANTY This product carries a replacement parts warranty against defects in materials and workmanship for a period of 6 months from date of purchase. At its discretion, Unipros may provide replacement parts. Original purchaser will be required to provide proof of purchase. The consumer will be responsible for shipping cost incurred outside of the US or Canada. Warranties DO NOT cover normal wear and tear, misuse, abuse, inclement weather conditions (i.e. wind, rain, hail, lightning, tornados or hurricanes) or other acts of God, mildew and rotting, damage or fading caused by prolonged exposure to UV rays. This warranty gives you specific legal rights. You may also have other rights which vary from state to state. The tent is water repellent. It is not waterproof. During heavy or continuous rain, some leakage may occur. Avoid contact between objects and the inside of the tent, as this may result in leakage at points of contact. In the event of seam leakage, apply a seam sealer compound. Although our products are manufactured according to rigorous specifications, periods of wind or rain may loosen the stakes and cause the frame to sink into the ground. This will weaken the structure's overall rigidity. Puddles may also form on the roof if the unit has not been assembled tightly. If pooling should occur it is advisable to drain the fly to avoid possible damage to frames and fabric. Adjustment of guy lines may be necessary. In case of inclement weather remove valuables and seek appropriate shelter. Intended for recreational use only. For your tent, screen house or canopy DO NOT... • Pitch near an open fire. • Use candles or open flames of any kind in or near. • Leave children unattended inside. • Use fuel-burning, oxygen-consuming devices (heaters, lanterns, cooking stoves or other flame sources) inside. • Refuel lamps, heaters or stoves inside. • Smoke inside. • Store flammable liquids inside. • Use water repellent compounds other than those recommended for use on outdoor equipment. • Spray with insecticide. • Store on concrete floor. For your tent, screen house or canopy DO... • Always extinguish campfire before sleeping or leaving the area. • Exercise care when using electricity and lighting. • Make certain it is properly ventilated in all weather conditions. In extreme weather conditions, snow could obstruct airflow and cause asphyxiation. Clear frequently. • Anchor securely to provide additional security in changing climatic conditions. Snow pegs, skis and/or heavy rocks may be necessary to supplement stakes and guy lines. • Take down and store properly after camping.
