## INTRODUCTION

Custom Metal Works, Inc., (CMW), a privately owned family business, was formed over 30 years ago to satisfy the growing need for a locally owned and operated machine and fabrication service. Today, CMW designs and markets products for many Fortune 500 companies as well as satisfies the needs of local businesses, large or small.

Common ownership between CMW and **The Sportsman's Desk LLC** has been instrumental in the design of "The Sportsman's Desk" line of products. In early 2013, CMW began developing and testing a line of specialty products targeting outdoor enthusiasts, law enforcement officers, and those who are passionate about the sport of shooting. This product development began in conjunction with a leading U.S. firearms manufacturer. In 2014, The Sportsman's Desk LLC was formed and continues with further development on an independent basis.

The Sportsman's Desk core products are manufactured in the United States in ISO compliant facilities to insure the highest quality standards. The state of the art *machining* facility has earned a quality reputation for manufacturing products for the U.S. Military for over 40 years. The *anodizing* process, which sets the Sportsman's Desk products apart from all others, is also done in an ISO compliant facility that has been finishing parts for one of the largest name brand firearm manufacturers in the United States.

Presently, The Sportsman's Desk line of products consist of a variety of uniquely designed smartphone dock stations, smartphone cradles, business card holders, and bullet style writing pens. These products have been crafted to represent the passions of hunters, shooters, law enforcement officers, military personnel, and recreational sports enthusiasts. All Sportsman's Desk dock stations, cradles, and business card holders are manufactured in the United States meeting standards comparable to those established by the U.S. firearms industry. Currently, all Sportsman's Desk's products have patents pending.

# Manufacturing, Shipping & Service

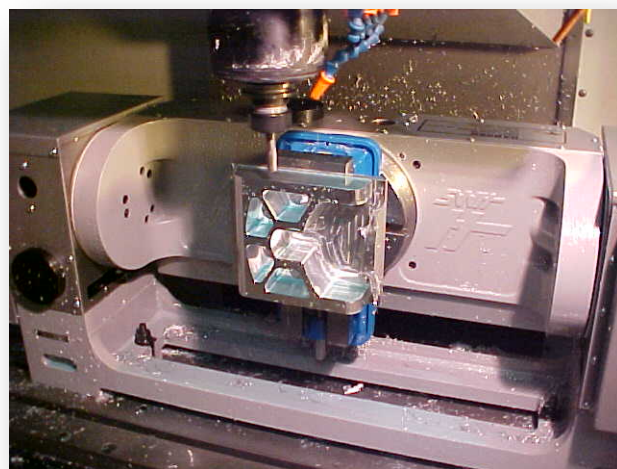

**Manufacturing:** All Sportsman's Desk smartphone cradles, dock stations and business card holders are manufactured in the U.S.A. in ISO certified state of the art manufacturing and processing facilities. For over 40 years these facilities have been manufacturing products for the U.S. military and some of the largest U.S. based firearms companies.

U.S. Anodized Coatings Plant

**Direct Drop Ship Fulfillment:** Our new distribution facility is equipped to efficiently and quickly expedite low piece count drop shipments directly to your customer or retail stores.

**Break Pack Deployment:** Sportsman's Desk can satisfy even the most complex, lowest cost basis fulfillment needs. We break master cartons and combine multiple skus on a mixed pallet basis in our U.S. master distribution facility.

U.S. 5 Axis Machining Mill

**Service :** The Sportsman's Desk dedicated customer service staff is located in the U.S. at our corporate headquarters and is always available during standard business hours to respond to any and all needs.

## LIVE OUTDOORS

### PEN HOLDERS - REVOLVER

#### Distinctive Designs for Personal & Business Use

Sportsman's Desk high quality machined pen holders are the perfect addition to the **Marksman Collection** and **Tactical Mission Team Set** of desk top products.

A natural compliment to all Sportsman's Desk products. Pen Holder finishes include Tactical (Black) and Platinum

Tactical Black

Platinum

- Distinctive 6 shot revolver cylinder design accommodates virtually all pens, markers, letter openers and other desktop accessories with diameters under 1/2".
- Standing over 3" tall and over 3" in diameter, Sportsman's Desk pen holders make an impressive statement at the home or office.
- Machined from solid aircraft aluminum, Sportsman's Desk pen holders make unique gifts that are durable enough to withstand the test of time.
- All models are manufactured in the USA unless otherwise noted in a high lustre anodized tactical black or natural platinum finish.
