

Mirage Tub Door

The **Mirage Tub Door** delivers a unique design and the look of custom glass at an unbelievable value. Most sliding shower doors require substantial aluminum framing, but the Mirage uses innovative hardware to provide the space-saving benefits of a sliding door without compromising the beauty of a completely frameless glass design.

Mirage is also available as a shower door.

Features:

- Unique fully frameless sliding shower door
- 3/8" (10mm) tempered clear glass
- Chrome or brushed nickel hardware finish
- One sliding panel with either one or two stationary panels
- Models that require a second stationary panel have two integrated glass shelves
- Reversible for right or left door opening
- Width may be trimmed up to 4"
- No adjustment for out-of-plumb walls
- Optional backwalls available
