

## **WARNINGS – READ BEFORE USE**

Follow these warnings carefully. Failure to do so could result in personal injury or product damage.

### **All Season AC Defender:**

Prior to installation of your All Season AC Defender, ensure your air conditioning system is set to “off” and that the blades of your unit have stopped moving. Do not start or continue installation of your All Season AC Defender if the blades inside your air conditioning unit are in motion. To avoid injury, do not place fingers in the air conditioning unit’s cage during installation.

Inspect your All Season AC Defender prior to installation and regularly thereafter for signs of wear or damage. Replace if mesh is cut, worn, frayed, or otherwise damaged. Protect mesh from sharp edges, extreme heat, or exposure to corrosive acids. These may damage the mesh and cause it to fail.

If you ever need to remove your All Season AC Defender from your air conditioning unit, be sure you have turned your air condition system off and the blades of your air conditioner have stopped moving prior to removal.

### **Included Bungee Cords:**

Use good judgment in choosing the appropriate bungee cord length for the attachment of your All Season AC Defender to your air conditioning unit. If you have any doubts of whether a bungee cord is capable of performing its task, do not use it. Inspect bungee cords prior to initial use and regularly thereafter for signs of wear or damage. Replace if bungee cord is cut, worn, frayed, or otherwise damaged or if hook has been bent, deformed, or damaged.

Protect bungee cords from sharp edges, extreme heat, or exposure to corrosive acids. These may damage the cords and cause them to fail. Extreme caution should be taken when bungee cords are stretched. Bungee cords can snap back with great force. Protective eyewear should be worn when fastening and releasing bungee cords. Keep out of the rebound path of the bungee cord. Do not stretch a bungee cord beyond 50% of its un-stretched length. Do not attach the hook by its tip. Attach the hook securely at loop

center to a solid, inflexible mounting. Never use bungee cords for cargo management, lifting, towing, or personal restraint.

### **Warranty:**

Your purchase from SturdyCovers.com comes with our 7-year no-questions-asked manufacturer warranty. If our product ever breaks, frays, is otherwise damaged or defective, or if you simply need a different size or are unsatisfied with your purchase, just return it to us at our expense for a full refund.

### **Instructions:**

1. Read the warnings included with these instructions prior to installation or use of this product.
2. Ensure your AC unit and system is turned off and the fan blades in your unit have stopped moving prior to installation.
3. Place the All Season AC Defender on top of your AC unit and align it so that the corners of the All Season AC Defender overlap the sides of your AC unit.
4. Insert a bungee cord hook through the grommet in each corner of the All Season AC Defender.
5. Stretch (but do not overstretch) bungee cords, one at a time, hook them into the side of your AC unit to ensure the All Season AC Defender is fitted snugly to the top of your AC unit.

Dear Customer,

Congratulations on your purchase of an All Season AC Defender from [SturdyCovers.com](http://SturdyCovers.com)! You are on your way to putting an end to those extra calls to the AC technician, reducing the time you spend maintaining your air conditioning unit, and protecting and prolonging the life of your air conditioning unit.

Our unique design helps to keep leaves, twigs, pine needles, grass, and other unwanted items out of your air conditioning unit with sturdy year-round protection, all without impeding your unit's natural airflow. Unlike other AC covers, moisture does not get trapped because the All Season AC Defender allows air to freely flow from your unit, resulting in a reduction of debris and moisture build-up (which can often lead to electrical failures).

Manufactured from high quality, weather resistant, PVC-coated mesh, the All Season AC Defender is built to withstand wind, rain, summer heat, and winter weather. Your All Season AC Protector will come with everything you need for an easy installation, including four (4) adjustable bungee cords. Your All Season AC Defender is backed by [SturdyCovers.com](http://SturdyCovers.com)'s 7-year no-questions-asked manufacturer warranty.

[SturdyCovers.com](http://SturdyCovers.com) is a family owned business, and our team would like to thank you for your purchase! We hope our line of products helps you to protect your home and reduce the time you spend maintaining it. If our products have made your life easier, we hope you will recommend us to your family, friends, co-workers and acquaintances.

Thank you for your purchase,

The Sturdy Covers Team
