TIPS AND TRICKS

Volume Key

Complementing the T201G's compact design, the **Volume Key** is discreetly placed on the phone's left side. Can't talk at the moment? Reject incoming calls by pressing and holding the **Down Key**.

Symbol Mode

This enables your customers to insert symbols and punctuation marks into text. To enter symbol mode when texting, press and hold the **# Key**.

URL Input Language

Customers can enter URLs in English or Spanish by changing the Input Language.

Converter

Your customers can track the latest currency rates and convert the U.S. Dollar into 14 currencies, including the Euro, Pound and Yen.

Adjusting the Volume

During a call, if you want to adjust the volume, use the **Volume Key** on the left side of the phone.

Using Shortcuts

In Menu Mode, Main Menus can be immediately accessed by pressing the number key (1 to 9) that corresponds to its location on the screen instead of scrolling through the menu items.

Light Settings

Your customers can adjust the light settings of the large internal screen with Brightness, Backlight Time and Contrast controls.

SGH-T201G
