

# CHEFMAN™

## RJ06-P2

### TWO-SLICE TOASTER SERIES

This Chefman two-slice toaster features extra-wide slots that make it easy to toast thin or thick slices of just about anything—from homemade cinnamon-raisin bread or garlic-and-onion bagel halves to hamburger buns, English muffins, or—best of all—frozen waffles: bring on the maple syrup. A cancel button allows for ending the session at any time. There's also a dial for adjusting the shade for light to dark results. Simply add the food to be toasted and push down on the bread-carriage lever.

The unit's dual auto-adjusting bread guides the food center for even toasting, while its advanced toasting technology ensures consistent results. After the desired level of darkness has been reached, the food pops up automatically. Other design details include a high-lift lever that raises even small items high enough for safe retrieval, a removable dishwasher-safe crumb tray for quick cleanup.

#### SPECIFICATIONS:

**Unit Weight:** 3  
**Unit Dimension:** 6.6x11x7.5  
**Voltage:** 120v 60Hz 750W  
**Testing Approval:** CETL

#### PERFECT RESULTS EVERYTIME!

##### Toasts Evenly

Our patented technology ensures toasting to the correct shade selected, time and time again.

##### Extra Wide Slots

Toast bagels, waffles, or even the thinnest of breads.

##### Toast the Way You Want

Select from seven shade settings for the perfect slice of toast. Also, choose bagel mode for extended toast time and cancel button to interrupt toasting cycle.

#### FEATURES:

- Bagel Mode
- Extra Wide Slots
- Illuminated LED Indicator Button
- Patented Anti Jam Protection
- Removable Crumb Tray
- Precise Browning Control
- Cord Storage
- Non-slip Plastic Feet
