

STANLEY LIMITED WARRANTY

Thank you for purchasing a quality Stanley tool box. Stanley tool storage products have been manufactured to the highest standard of quality, workmanship, and care.

Metal Tool Storage products are warranted to be free from defects in material and workmanship under normal use from the original date of purchase.

If any product is found to be defective in materials or workmanship under normal use within the appropriate warranty period, your exclusive remedy is replacement of the defective product or parts. This warranty does not cover products that are damaged through misuse, abuse, overloading, mishandling, accident, modification, neglect, or exposure to environmental factors.

Ultraviolet rays and certain chemicals may also have an adverse effect upon paint finishes. Additives and UV inhibitors are included in the paint mix but cannot fully warrant against fading or blemish if exposed to the above conditions.

Warranties apply to the original purchaser with proper proof of purchase. This warranty supersedes and excludes all other warranties and guarantees either expressed or implied on all Stanley products effective January 2014.

For further questions about a product warranty or remedy, contact your authorized Stanley retailer or the Stanley customer service department.
