## Safety Information

---

### SET UP YOUR SHELTER PROPERLY

- ☐ Please read and understand this entire manual before attempt to assemble, operate, or install the product.
- ☐ If any part is missing or damaged. Do not attempt to assemble the product.
- ☐ Two to four people are needed for assembly.
- ☐ In order to avoid damage to the gazebo and its components please use appropriate tools.
- ☐ Do not use the structure as support.
- ☐ Check all bolts on a regular basis to maintain the solidity of the structure.
- ☐ Keep instructions for future use.
- ☐ Approximate time: 1 – 2 hours

### EXAMINE YOUR SHELTER

- ☐ Examine occasionally to ensure there are no loose parts. If loose parts are found, they should be retightened immediately.

## Warranty

---

### 1 YEAR WARRANTY FOR FRAME AND FABRIC

Limited warranty is applicable on parts only. Warranty extends solely to the original purchaser who must offer original sales receipt for record.

### WHAT IS COVERED

Limited warranty is applicable on parts only. We warranty to the original purchase for one year limited from the date of purchase that the frame, fabric, speaker, audio controller LED light and AC adapter will be free from manufacturing defects.

### WHAT IS NOT COVERED

Product used for commercial, contract, or other non-residential purposes, or damage due to acts of nature, vandalism, misuse, or improper assembly is not covered. Corrosion or rusting of hardware is not covered. Warranty is to the original purchase and is non-transferable. Any replacement of warranted items will be in the original style and color, or a similar style and color if the original is unavailable or has been discontinued.

### SERVICE CENTER

The purchaser must contact our customer service center directly if this product is found to be defect in material or workmanship. The manufacturer, as its option, will repair or replace the defectives parts.

Please contact us via 1-800-961-9838, 9AM-5PM, Pacific Time Zone, Monday-Friday, or [customerservice@bondvast.com](mailto:customerservice@bondvast.com)

## Care and Maintenance

---

- ❑ For cleaning, use a mild detergent solution and rinse with water. Do not use acetone abrasive or others special detergents to clean and air dry only.
- ❑ Due to the nature of steel, surface oxidation (rusting) will occur if this protective coating is scratched. This is a natural process. To minimize this condition, it is recommended that care be taken when assembling and handling the product in order to prevent the paint from being scratched.

## Warning

---

### **WARNING: KEEP ALL FLAME AND HEAT SOURCES AWAY FROM THIS TENT FABRIC.**

The tent meets the flammability requirements of CPAI-84. The fabric may burn if left in continuous contact with any flame source. The application of any foreign substance to the tent fabric may render the flame-resistant properties ineffective.

### **SPECIAL CARE SHEET:**

Do NOT use the AC adapter during precipitation or inclement weather.

Do NOT leave the AC adapter outside, place and store in dry place.

Keep the AC adapter away from babies and children.

In order to protect the LED lights, do NOT break the Acryl panel of the post.

All lighting equipment is designed to prevent humidity and moisture, please do not disassemble.

Please always keep the speaker cover on the right position, the speaker is waterproof.

When NOT using period of time, please turn off the power switch and unplug the AC adapter.

Please connect all cables securely before plugging in power cable into power outlet.

All the parts are special design for this product only, changes or modifications not approved by the party responsible for compliance could void the user's authority to operate the equipment. The manufacture will not be held liable for any direct, indirect, incidental or consequential damages.

## Pre-Assembly

### PLANNING ASSEMBLY

To prevent damage, place all parts on a soft surface during assembly.

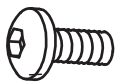

Tools required for assembly (not included): Allen wrench (included), a screwdriver, stepladder (min. 5ft.) and other safety items such as gloves, safety eyewear, and hardhat. To avoid injury from exposed sharp edges, it may be necessary to use the above safety equipment.

Do not leave it unattended if not fully assembled even if bolted to the ground.

## Assembly Instructions

1. Insert Post (B) through Base Cap (E) into base Flange (D), and use Bolt (AA) to secure. Repeat this step for Post (A, C).

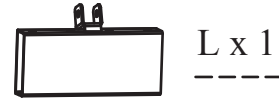

## Assembly Instructions

2. Insert Long Crossbar (F) into Center Connector (L) then connect wires in same color. Insert Long Crossbar (G) into Center Connector (L) then secure by Bolts (AA). Don't tighten bolts before complete this step assembly.

F x 1

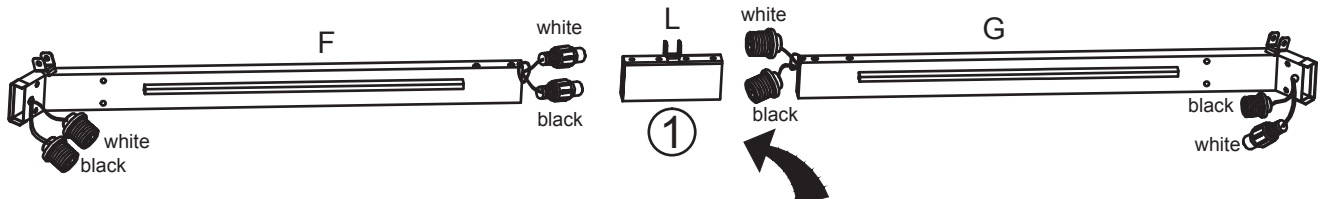

L x 1

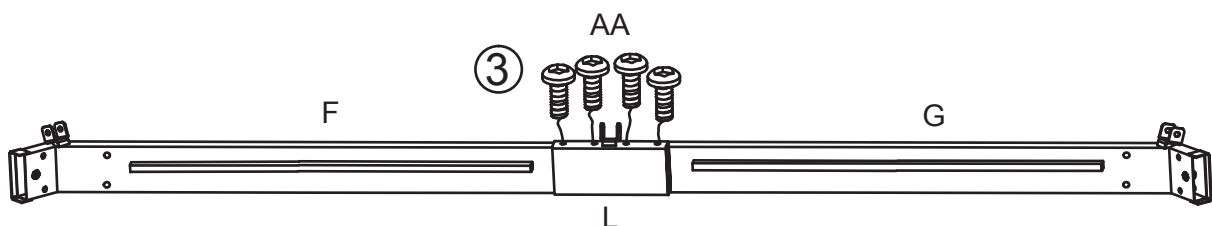

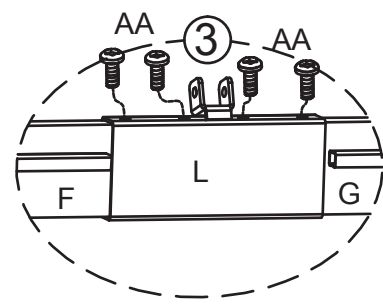

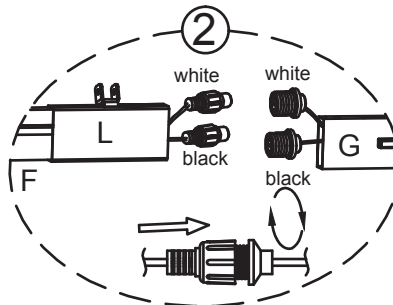

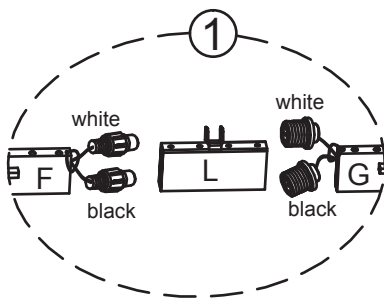

G x 1

AA x 4

Warning: Please connect wires softly and slowly. And make sure two wires in same position.

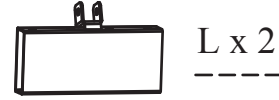

## Assembly Instructions

3. Insert Short Crossbar (J) into Center Connector (L) then connect wires in same color. Insert Short Crossbar (K) into Center Connector (L) then secure by Bolts (AA). Don't tighten bolts before complete this step assembly.

J x 2

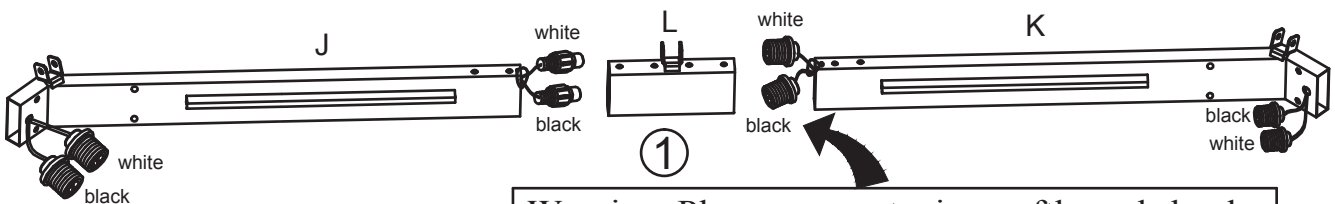

L x 2

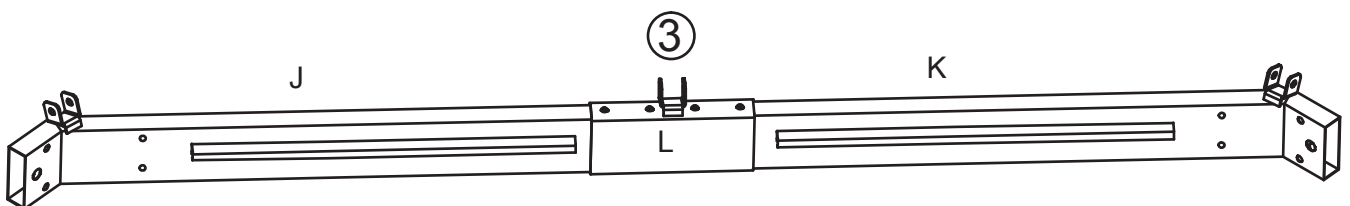

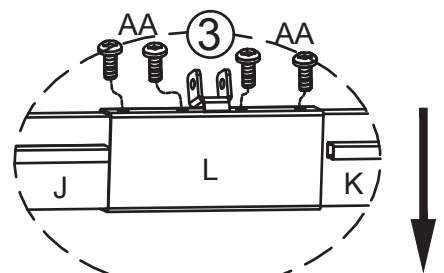

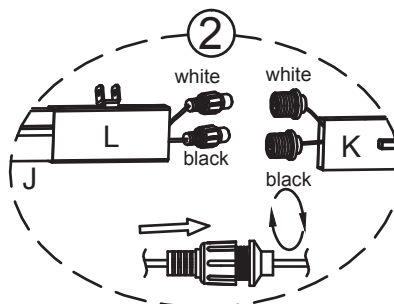

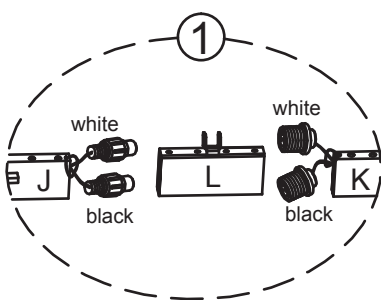

K x 2

AA x 8

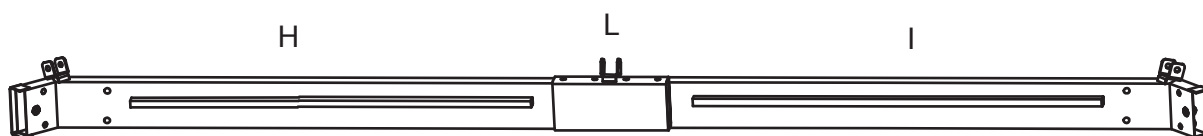

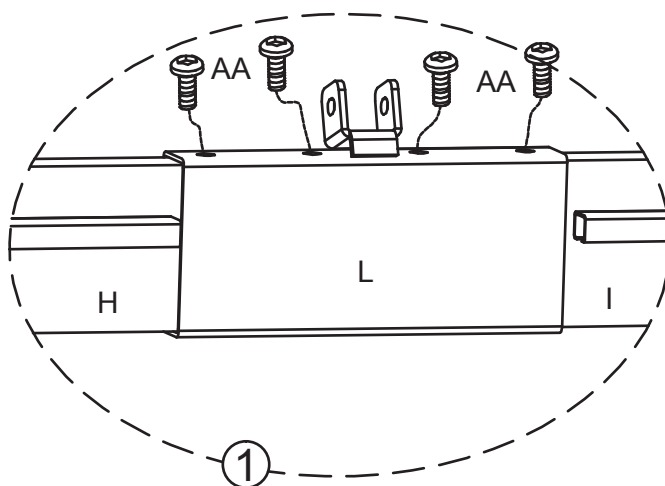

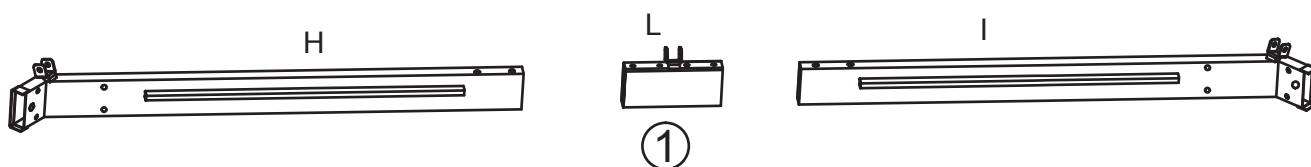

Warning: Please connect wires softly and slowly. And make sure two wires in same position.

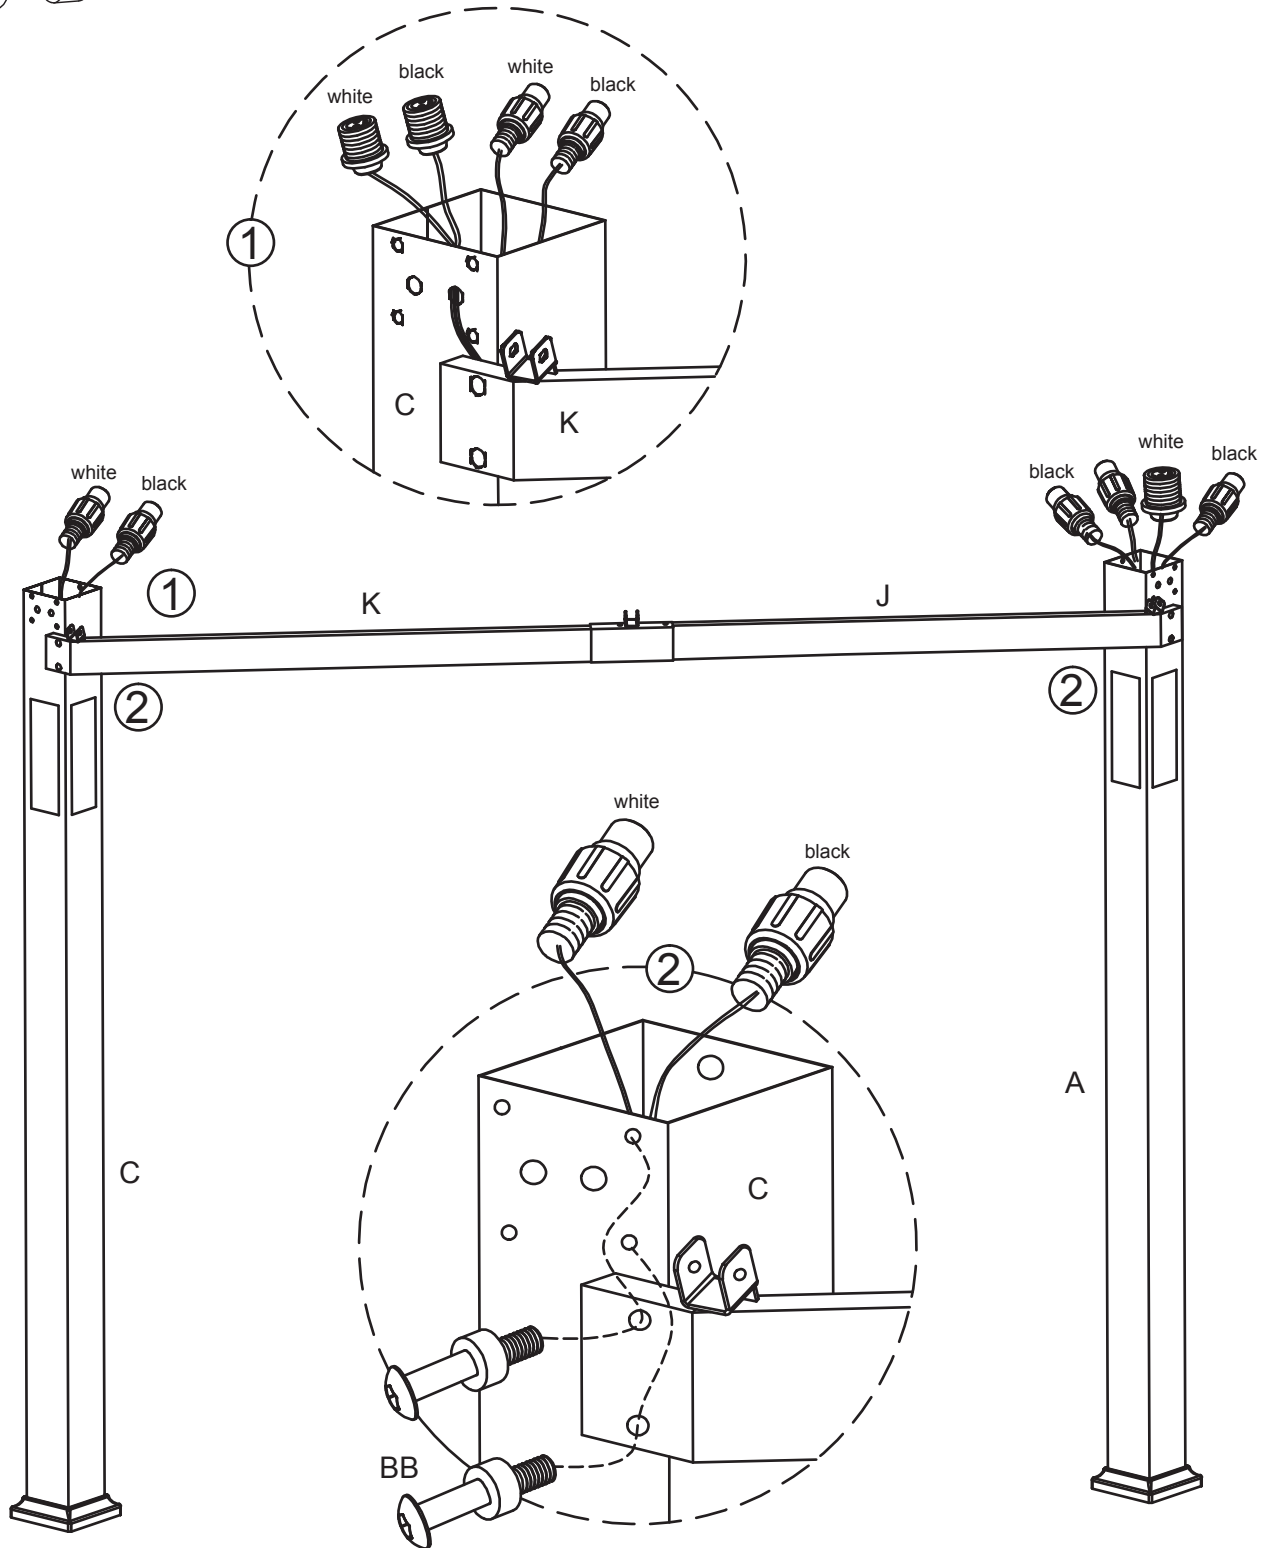

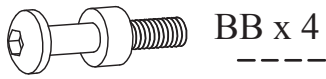

## Assembly Instructions

4. Insert Long Crossbar (H) into Center Connector (L).  
Insert Long Crossbar (I) into Center Connector (L) then secure by Bolts (AA).  
Don't tighten bolts before complete this step assembly.

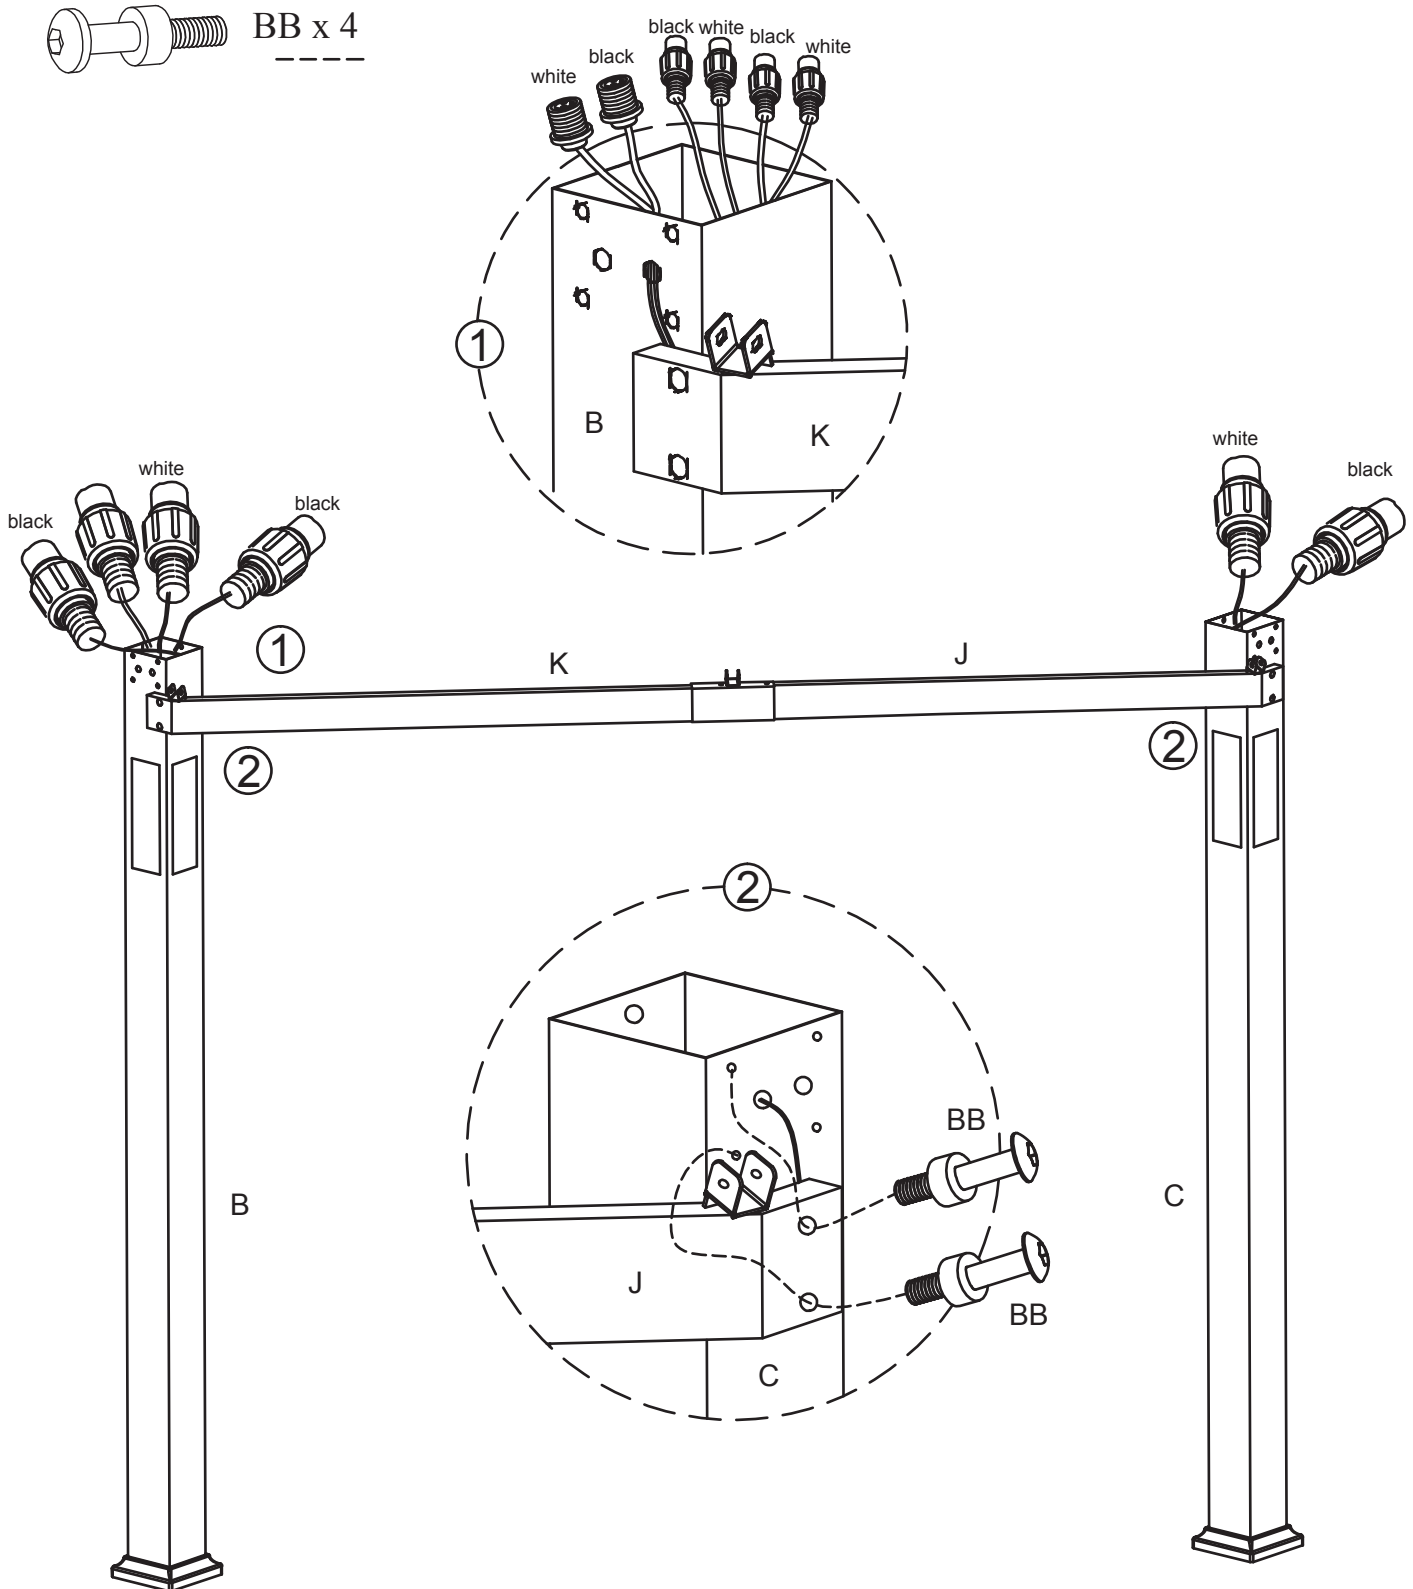

## Assembly Instructions

5. Insert wires on the two side of short crossbar into post A and C. Use Bolts (BB) secure Post (A, C) on the two side of Short Crossbar (J, K). Please check below fig. and make sure short crossbar in right direction. Don't tighten bolts before complete this step assembly.

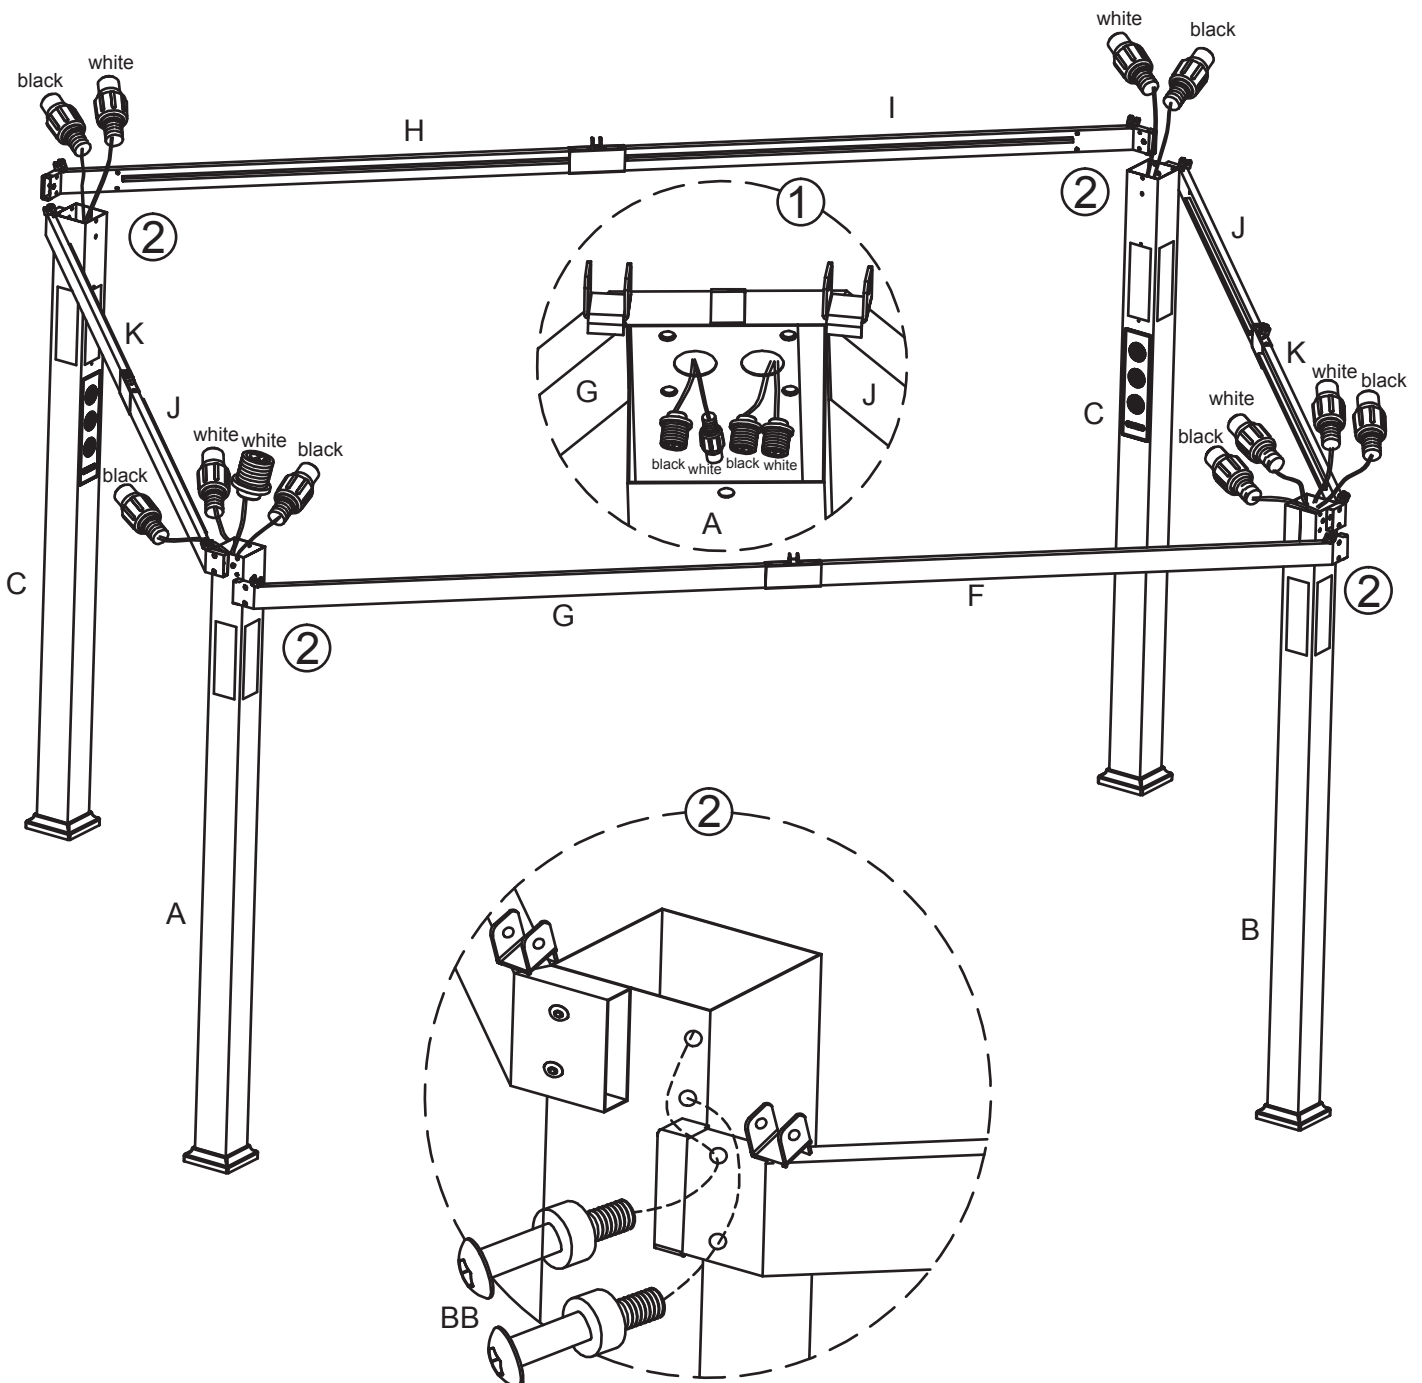

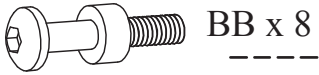

## Assembly Instructions

6. Insert wires on the two side of short crossbar into post B and C. Use Bolts (BB) secure Post (B, C) on the two side of Short Crossbar (J, K). Please check below fig. and make sure short crossbar in right direction. Don't tighten bolts before complete this step assembly.

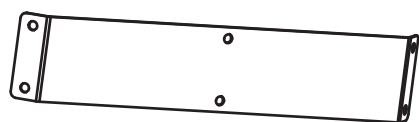

## Assembly Instructions

7. Insert wires on the two side of long crossbar into post A and B.  
Use Bolts (BB) secure Post (A, B, C) on the two side of Long Crossbar (F, G, I, J). Please check below fig. and make sure short crossbar in right direction.  
Don't tighten bolts before complete this step assembly.

## Assembly Instructions

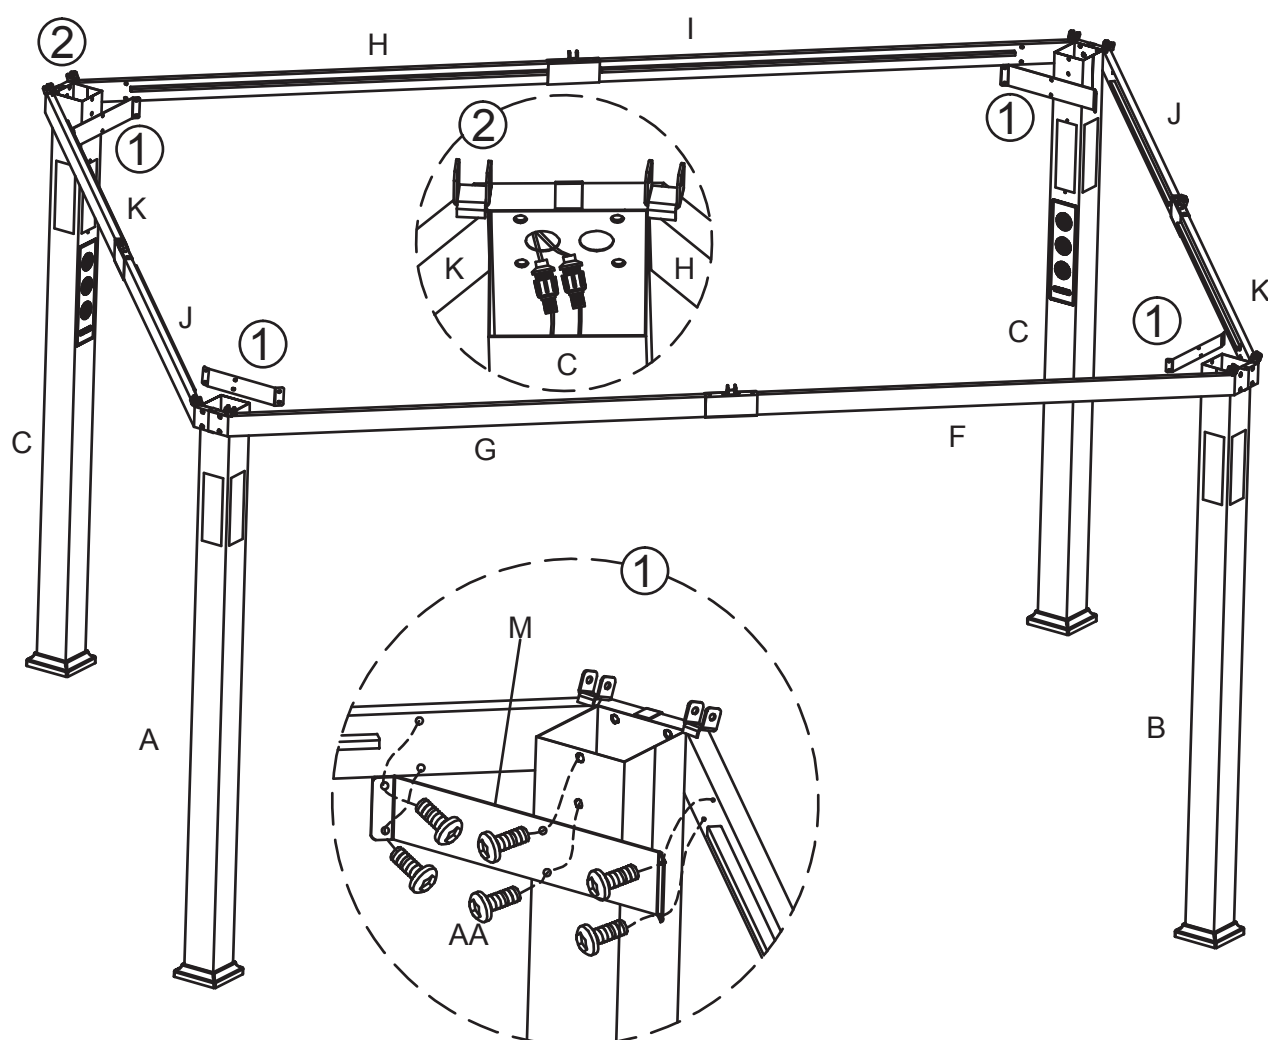

8. Use Bolts (AA) secure Fixed Plate (M) on the top of each post and crossbar. Then connect same color of wires together.

M x 4

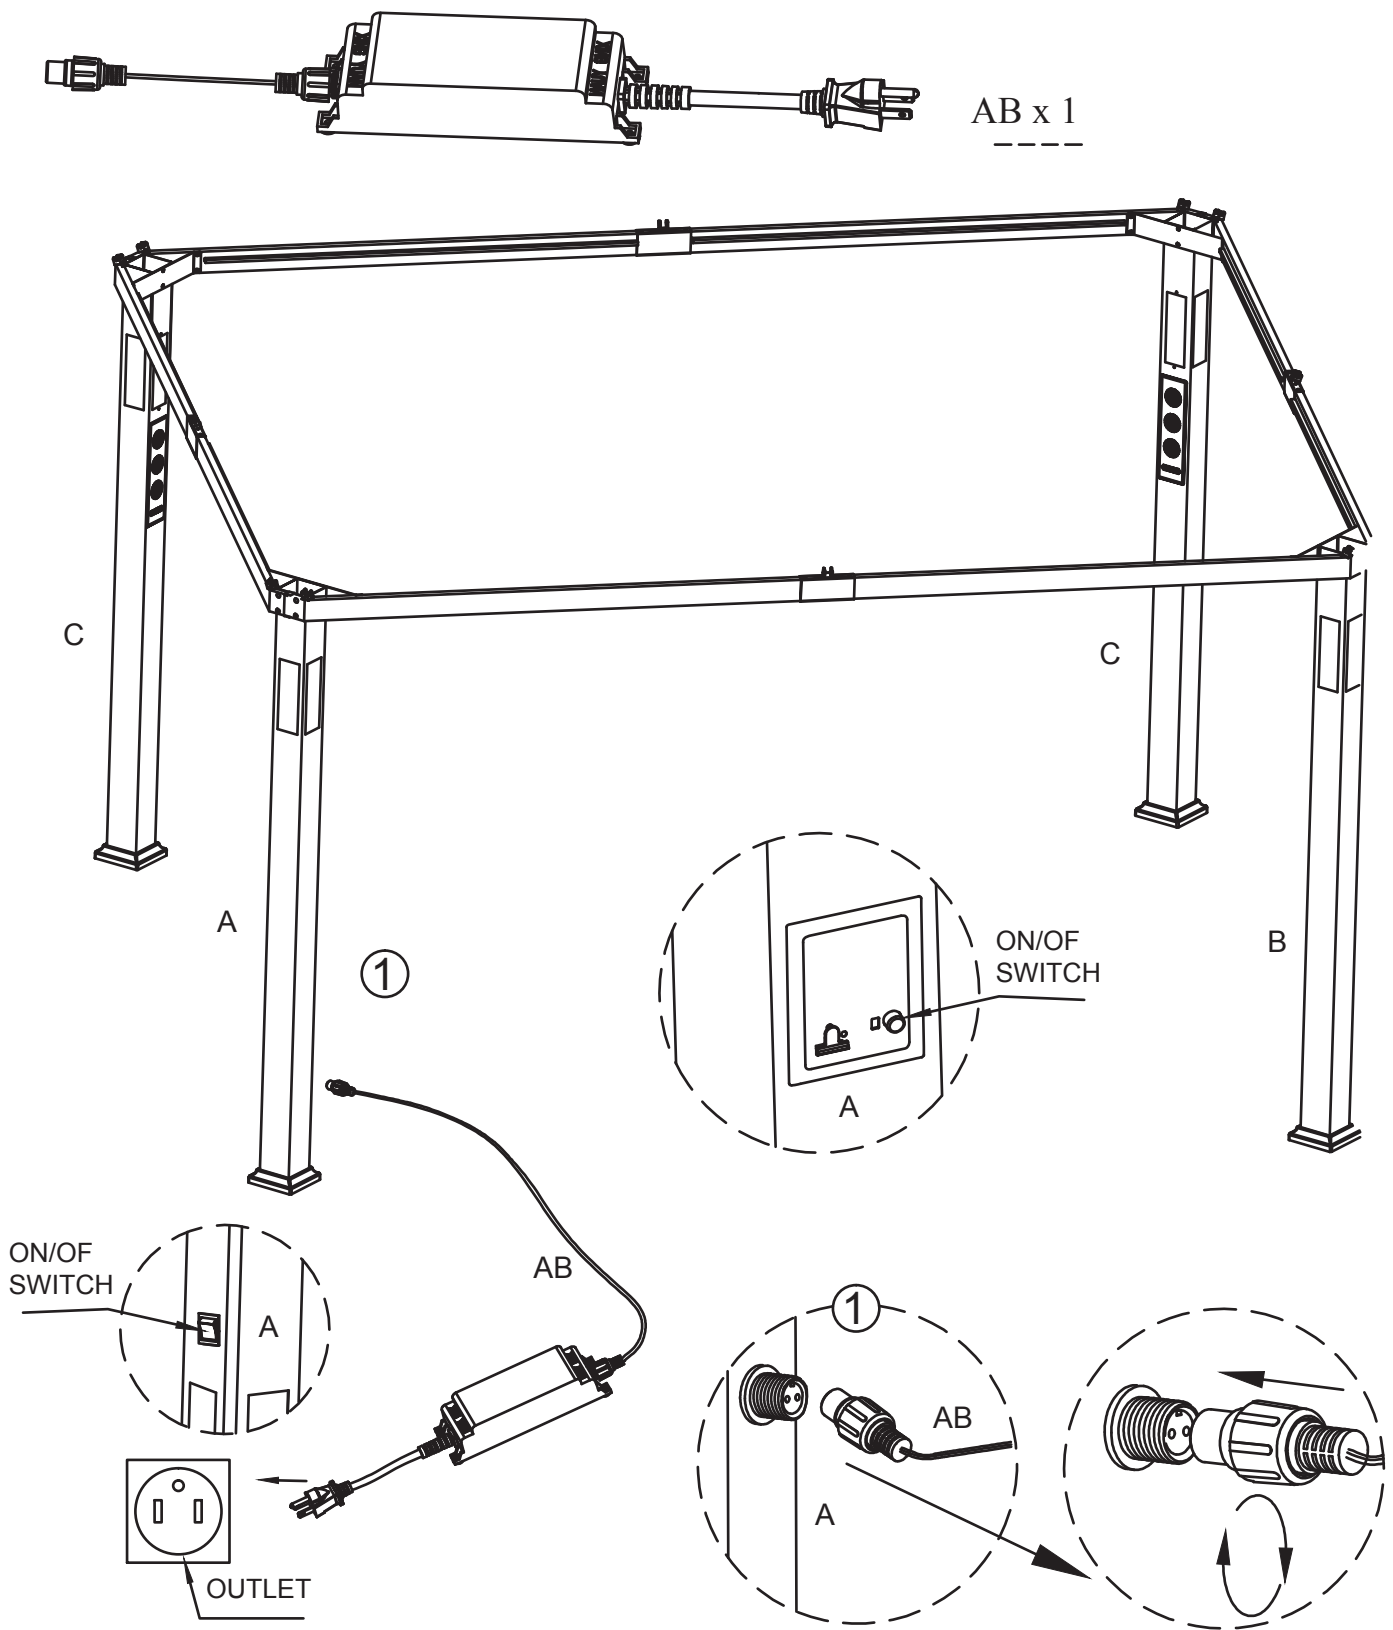

AA x 24

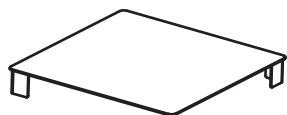

## Assembly Instructions

9. Connect AC Adapter and turn on the switch.

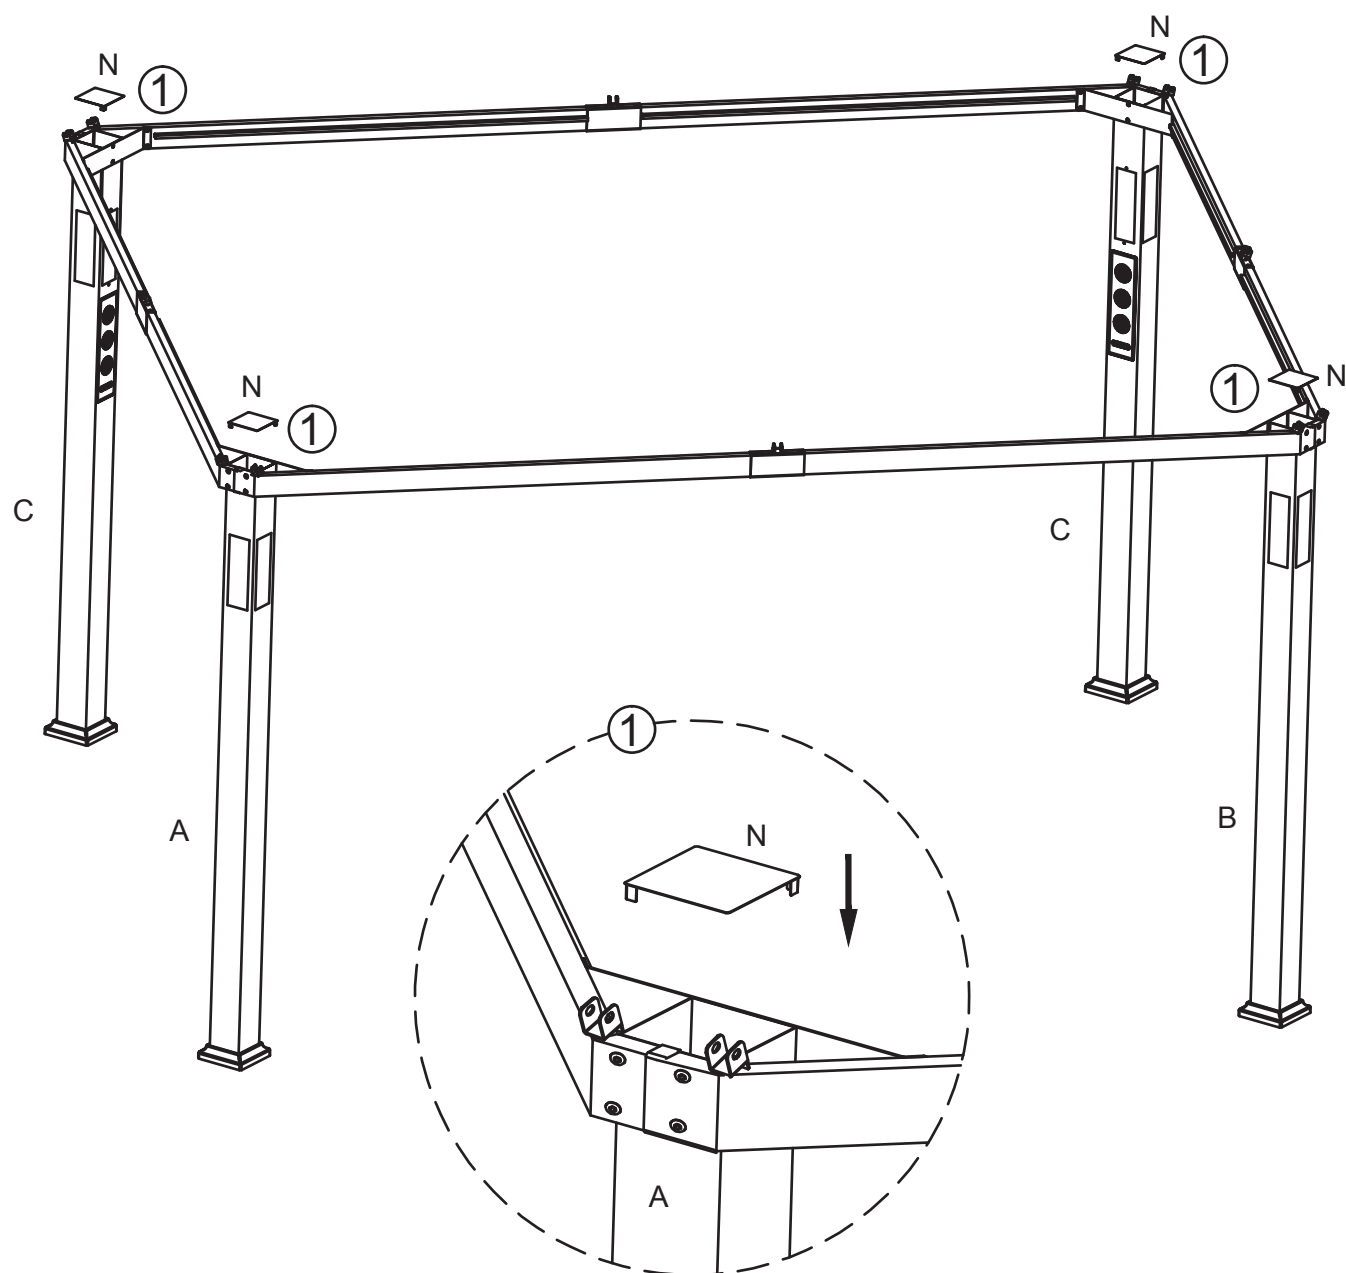

## Assembly Instructions

10. Place Post Upper Cap (N) on the top of each Post (A, B, C).

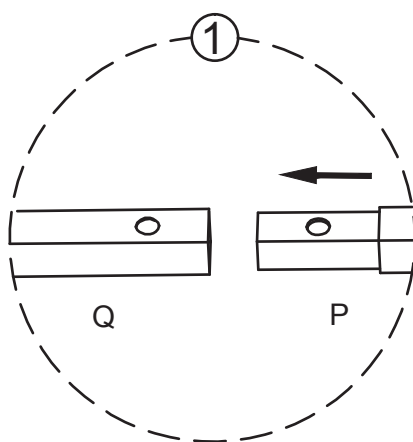

N x 4  
-----

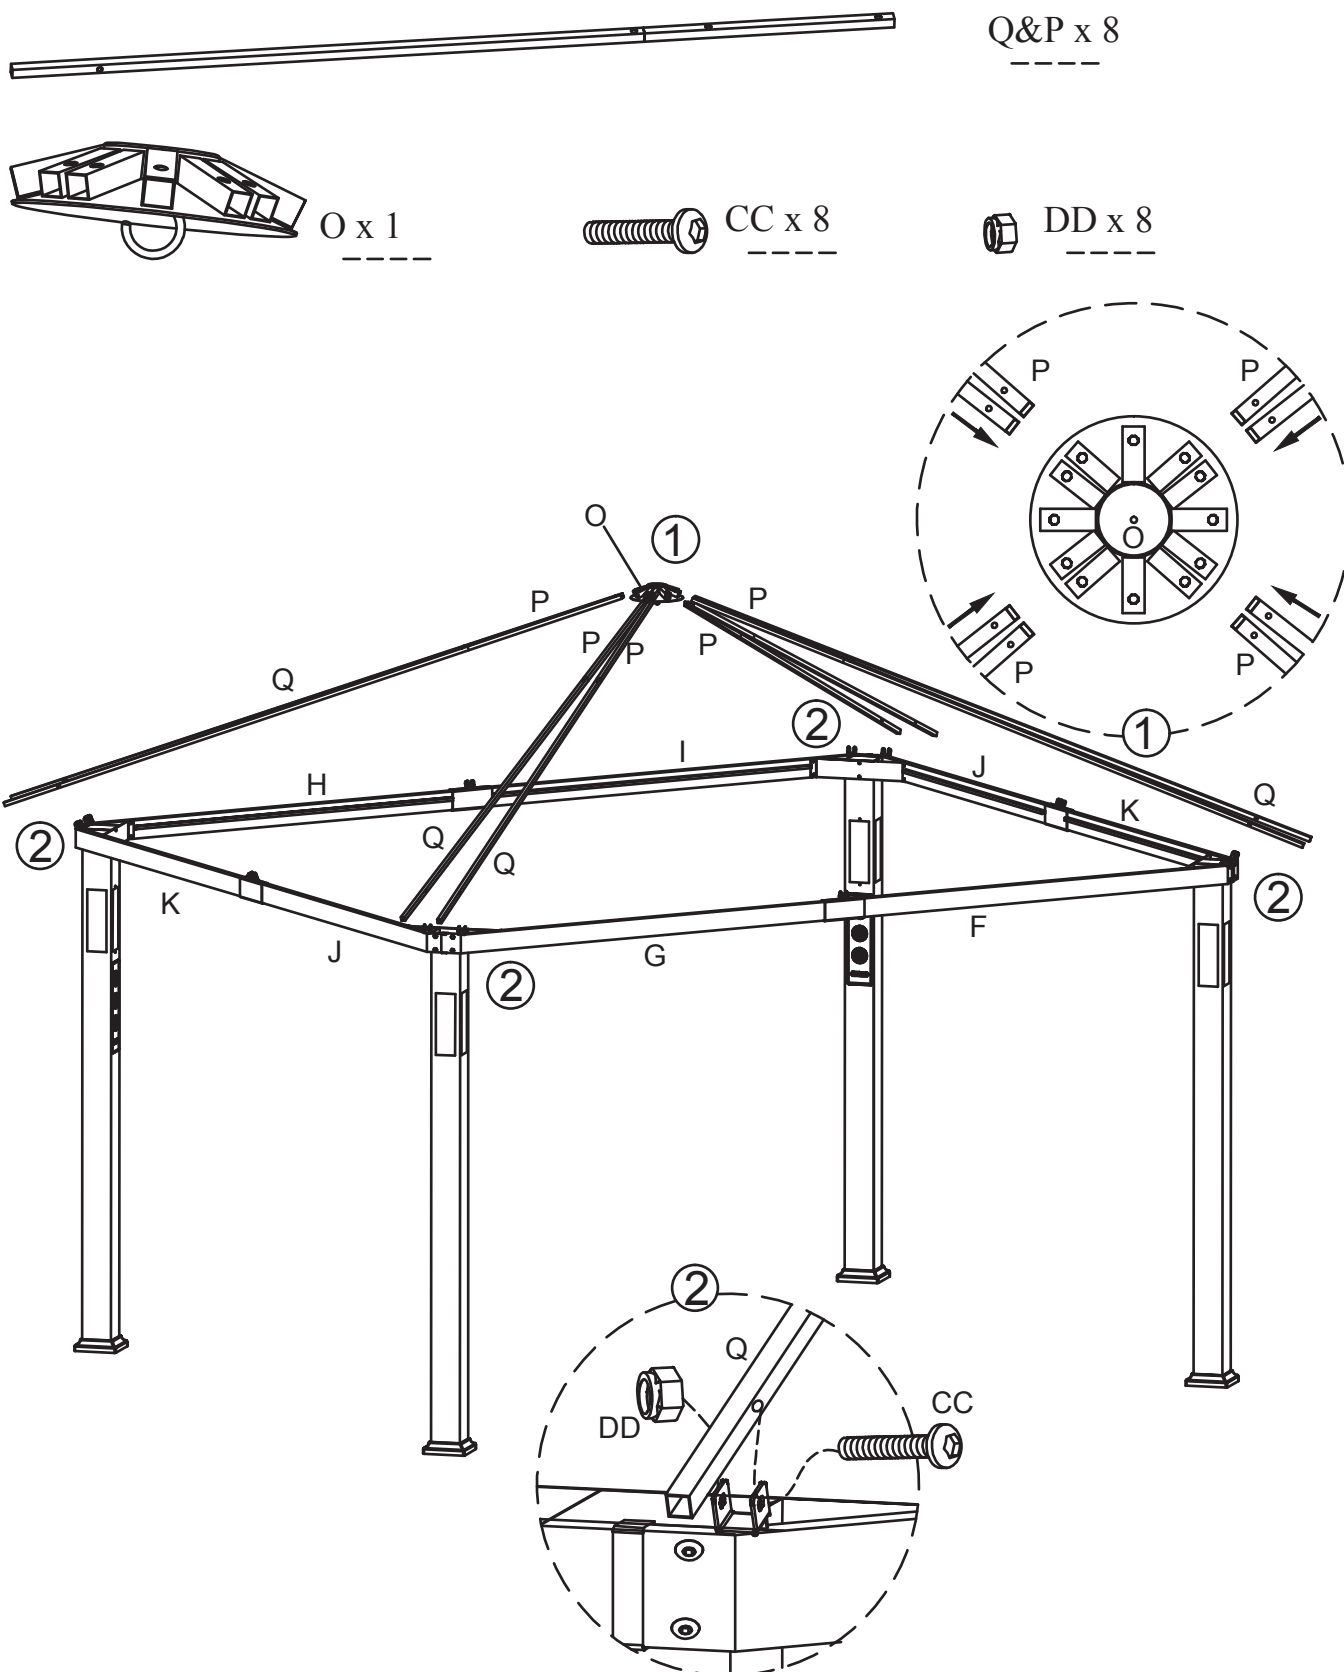

## Assembly Instructions

**11.** Insert 2-tier Roof Tube (P) into Roof Tube (Q). Repeat this step for remaining tubes.

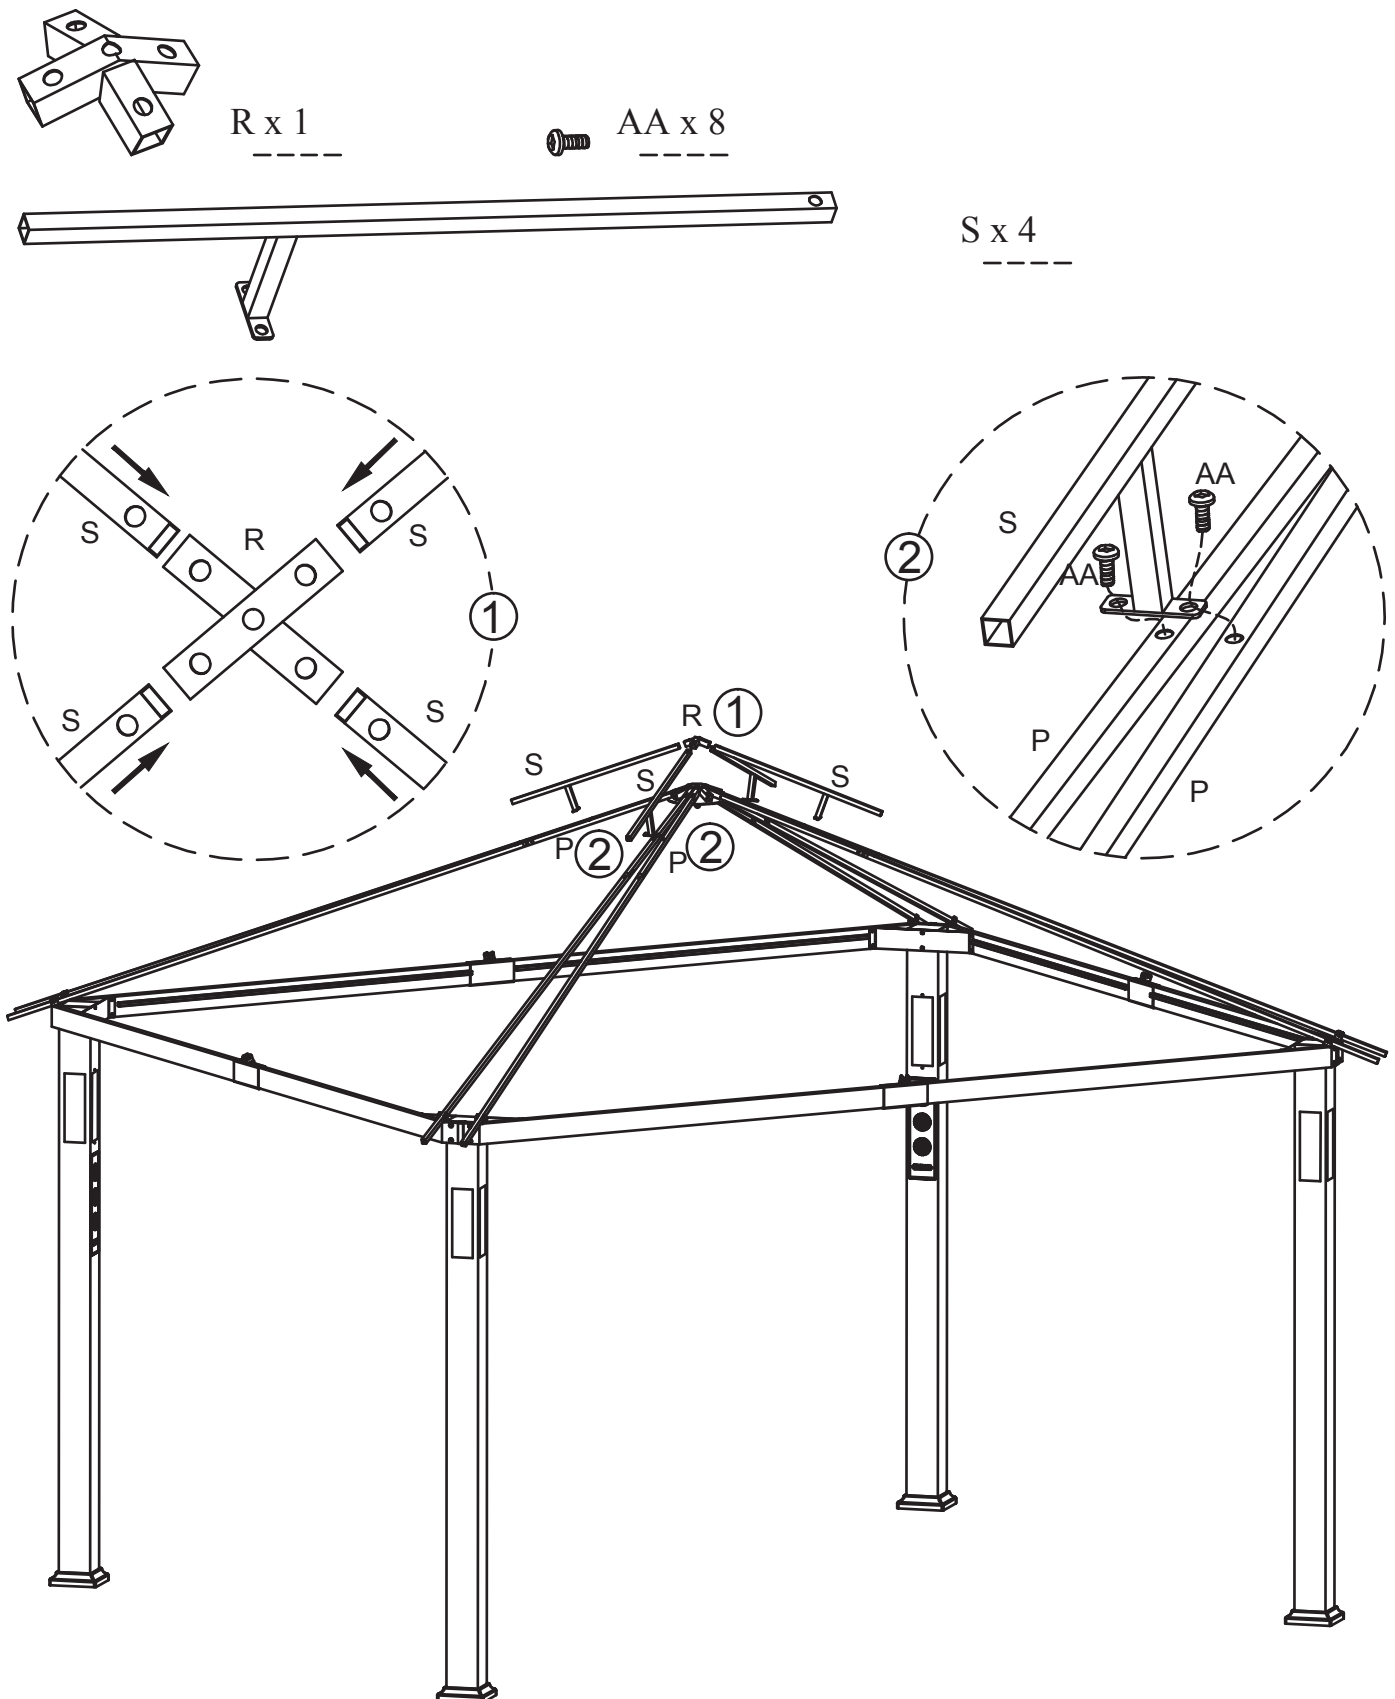

## Assembly Instructions

**12.** Insert 2-tier Roof Tube (P) into Roof Connector (O). Place Roof Tube (Q) on the top corner of post, the secure by Bolts (CC) with Bolt nuts (DD). Repeat this step for the remaining 2-tier Roof Tube and Roof Tube.

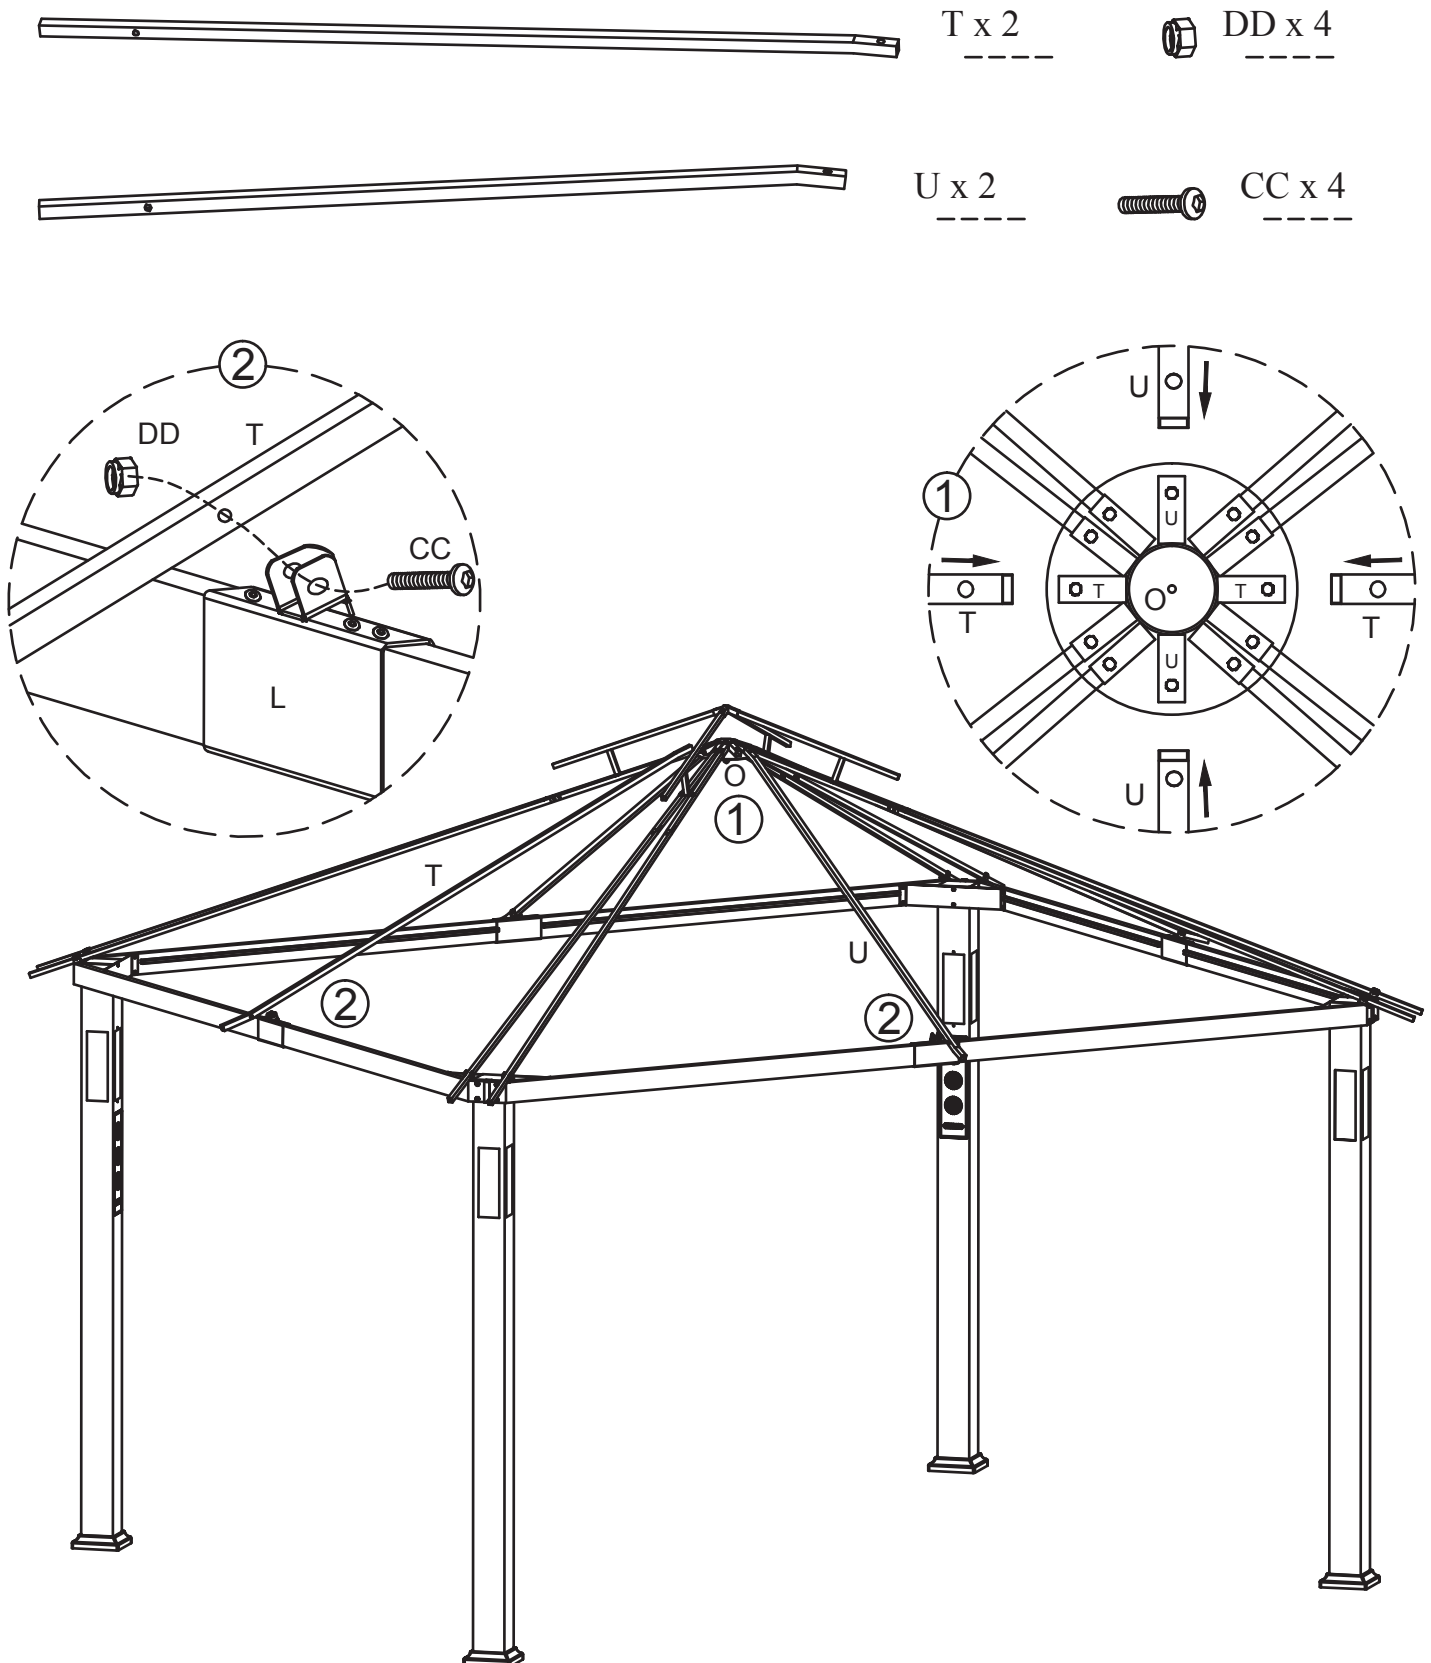

## Assembly Instructions

**13.** Insert Air Vent Tube (S) into 2-tier Center Connector (R), secure Air Vent Tube (S) onto 2-tier Roof Tube (P) using Bolts (AA).

## Assembly Instructions

**14.** Insert Long Roof Tube (T) into Roof Connector (O) then secure Long Roof Tube (T) by Bolts (CC) with Bolt nuts (DD). Insert Short Roof Tube (U) into Roof Connector (O) then secure Short Roof Tube (U) by Screws (CC) with Nut (DD).

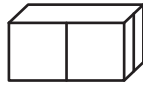

## Assembly Instructions

**15.** Place Canopy (X) and Air Vent Cover (Y) on the top then secure Finial (V) on the top of Canopy. Place Canopy in right position of each corner and hang Netting (W). Insert Stake (Z) through Base Flange (E) into ground.

V x 1

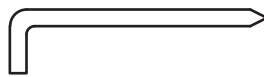

W x 1

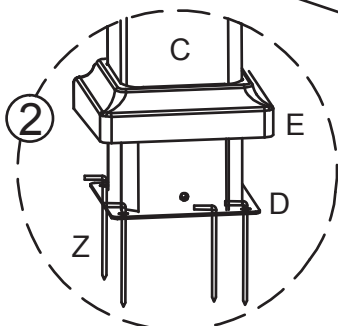

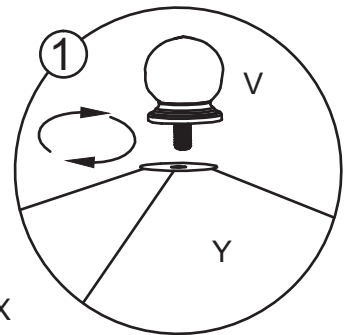

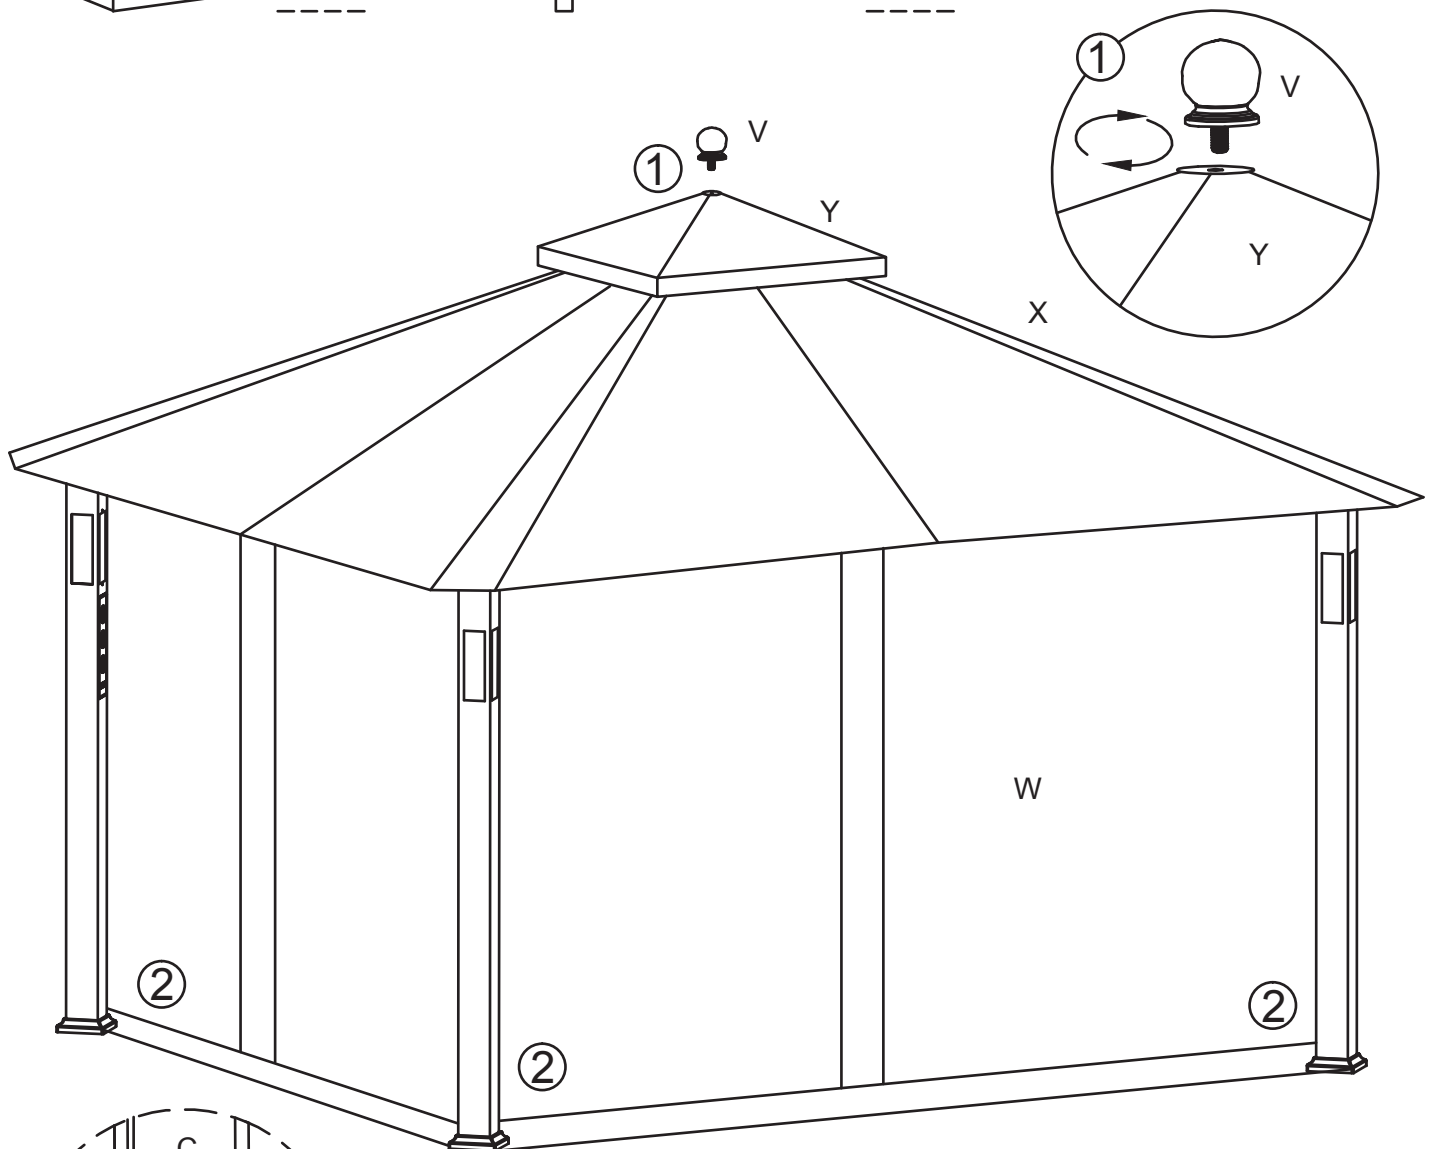

X x 1

Y x 1

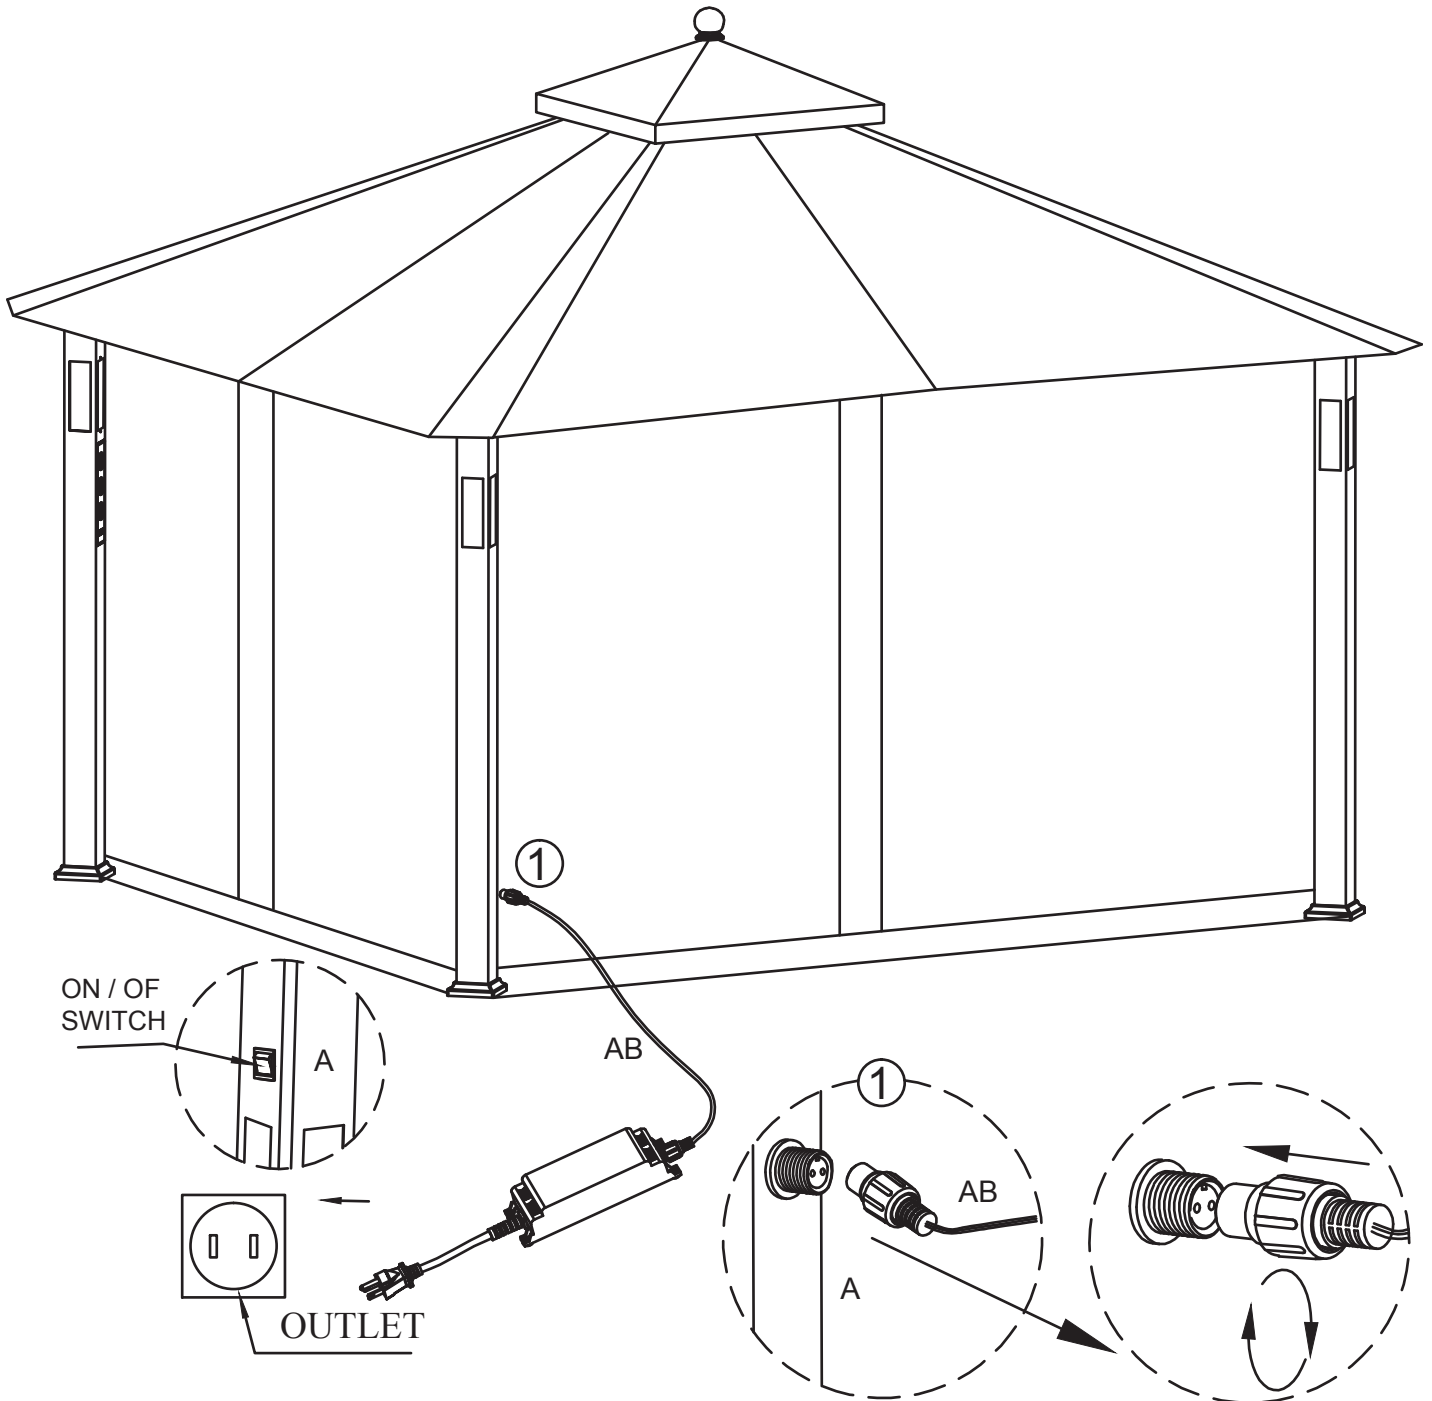

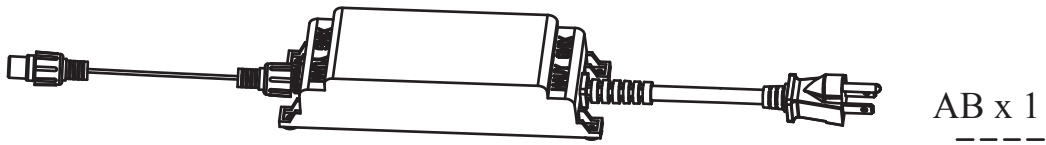

Z x 16

## Assembly Instructions

16. Connect AC Adapter and turn on the switch.

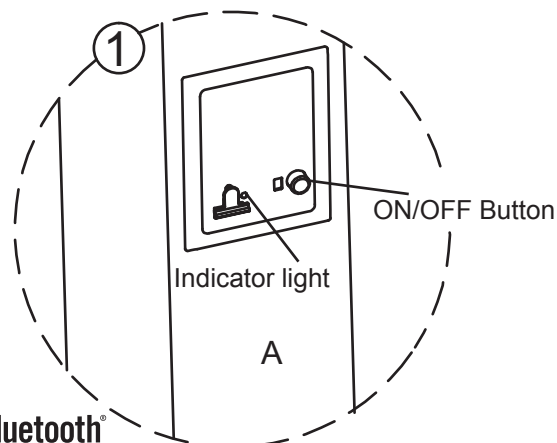

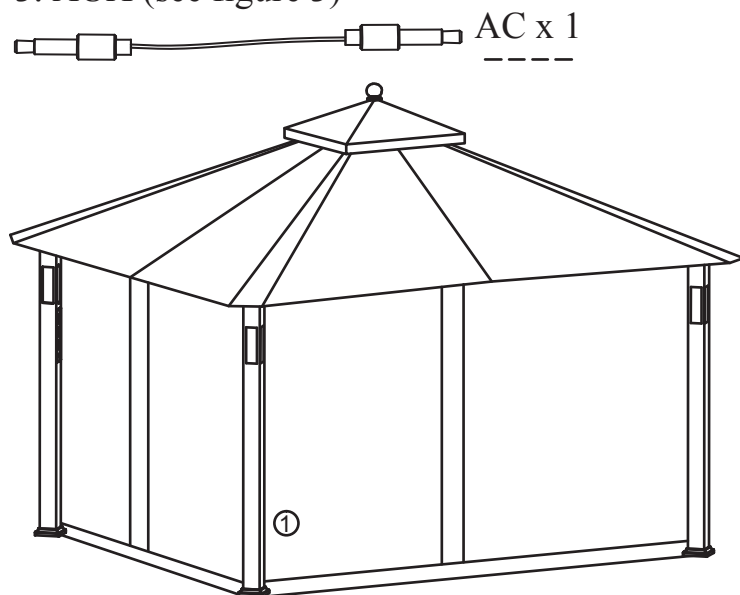

## Assembly Instructions

**17.** Connect AC adapter and turn on the switch (located on the top of Post A). Turn on the audio controller switch (located on the bottom of post in black round bottom).

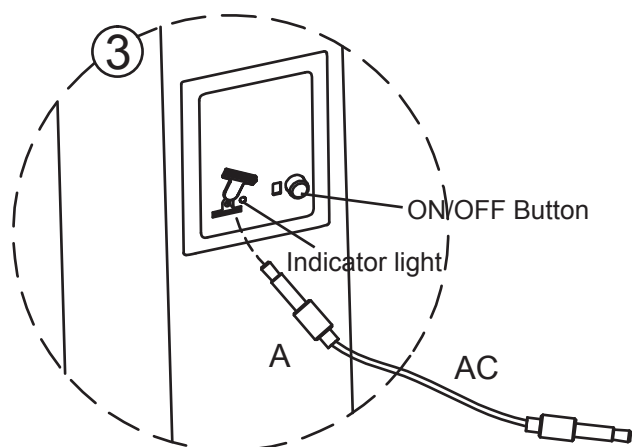

There are 3 ways to play the music:

## FCC ID: 2AC7TGAZEBO60W

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.
