--	---

CONCERNING PIXEL FUNCTIONALITY: Your LCD/LED television contains hundreds of thousands of individual pixels. LCD/LED displays typically contain a small number of pixels that do not function normally. Your display has been inspected and is in compliance with manufacturer's specifications, indicating that any pixel defects do not effect the operation or use of your display.

BEFORE CALLING FOR SERVICE:

Please have your unit's model number, serial number, and the date of purchase available.

Under some circumstances you may be asked to provide credit card information for a non-warranty service fee, as a deposit for advanced shipment, or cost of unreturned loaner unit.

If a replacement unit is received, please use the carton and packaging from that replacement unit in returning the defective unit to an LG authorized service center.

Parts and service in accordance with the LG warranty is LG's responsibility and will be provided without charge. Other service requirements will be at the owner's expense. If you have problems in obtaining satisfactory warranty service, write or call the LG Customer Interactive Center.

To assure proper credit and avoid unnecessary charges, you must obtain a Return Authorization before returning any unit to the Factory Service Center. Contact the Customer Interactive Center for details.

Service for your LG Television is provided through LG Electronics Alabama, Inc., the authorized LG Service Center for the United States.
