

## Bottled Water Pump

### Assembly

1. Assemble tube to desired length per illustrations below
2. Attach assembled tube to bottom of pump
3. Remove tamper label from top of bottle
4. Insert tube into bottle
5. Tighten collar to seal bottle
6. Attach cap to spout and connect spout to pump

### Use

1. Place cup, glass or pitcher under spout
2. Press down on top of pump several times to make water flow

### Cleaning and Care

1. Clean pump with a cloth, mild dishwashing soap and water
2. Clean tubes and spout in dishwasher
3. Store disassembled in a clean, dry location
