Presentation Pilot Pro

Lectures and Presentations

Giving PowerPoint® or Keynote® presentations? Change your slides, highlight key points, and even control other computer applications with the RemotePoint® Presentation Pilot Pro.

Involve Your Audience

Be free to interact and involve your audience as you walk through the room lecturing or presenting — all the while remaining in complete control of your computer.

Simple and Reliable

Insert the battery, plug the USB receiver into your PC or Mac® and you're up and running. It's that simple. Trusted by teachers and corporate presenters for performance and reliability.
