# **KX-TGM420W** Amplified Cordless Telephone with Digital Answering Machine

# 2016TELEPHONES

HOME

Model. KX-TGM420W -1 Handset

#### HEAR AND BE HEARD CLEARLY

Reliable amplified cordless home phone system for everyone affected by mild to moderate hearing loss. Includes volume boost for caller volume up to 40 dB, six-level voice tone settings, loud base unit ringer and noise reduction to hear calls from noisy places.

#### SLOW DOWN SPEECH IN REAL TIME

Clearly understand fast talkers with one-touch Slow Talk control, which slows the speed of the caller's speech while conversing in real time. Ideal for conversations, voice message playback and screening calls.

### EASY TO USE, EASY TO SEE

Enlarged, high-visibility backlit touch controls, LCD and numeric dial keypad simplify calling in any light conditions. Bright red visual ringers on base unit and handsets complement the system's 15 audio ringtones to signal incoming calls.

### POWER WHEN THE POWER GOES OUT

Long-lasting, built-in backup battery maintains power in the event of a power outage. A fully charged handset in the base unit provides up to 13 hours of talk time, nine days standby for making and receiving calls using other cordless handsets in the house.

#### **FEATURES**

- Brushed White Finish Base Unit and Handset
- Expandable to 6 Handsets
- 6-Level and Custom Voice Tone Settings
- Voice Volume Booster to 40 dB
- Speech Booster
- Slow Talk Control
- Ringer Volume up to 100 dB
- 15 Ring Tone Settings
- Ringer Off Key
- Noise Reduction
- Battery Power Backup<sup>3</sup>

- 13 Hours Talk Time
- 9 Days Standby Time
- Talking Caller ID (English and Spanish)<sup>4,7</sup>
- Talking Keypad and Phonebook<sup>7</sup>
- Base Unit Phonebook Memory (100 items)
- White Backlit LCD on Handset
- Speakerphone
- Call Waiting and Intercom<sup>4</sup>
- 250 Call Block Database<sup>9</sup>
- 17 Minutes Voice Messaging
- Bright Red LED Visual Ringer
