## Care and Maintenance

---

1. Resin wicker is suitable for indoor or outdoor use and resists fading and mildew. To maintain it, wipe frame with a slightly damp cloth and dry completely; do not use bleach or solvents.
2. Though its powder-coated finish is rust-resistant, frame is prone to rust over time with exposure to the elements. In case of rust or scratches, lightly sand the affected area and apply touch-up paint. To maintain the finish, periodically apply wax with a soft cloth.
3. Wash the frame with a mild solution of soap and water, rinse with clean water, and dry thoroughly.
4. Cushions may also be clean by hand with a mild solution of soap and water. Rinse the cushion cover thoroughly and allow to drip dry. The back cushion should be spot cleaned with a soft cloth. Do not machine wash or tumble dry, as cushions may shrink. Do not use bleach or solvents on fabrics. Never use cleaners that contain acid or abrasive materials.
5. Do not store anything on glass tabletop. Ensure the "O" ring is in place in the umbrella hole in the glass top before inserting umbrella.
6. To prolong the life of your outdoor furniture, cover furniture with outdoor-furniture covers when not in use. Store indoors during winter months.
