

# GE® 7.4 cu. ft. Capacity aluminized alloy drum Gas Dryer with HE Sensor Dry

Model# GTD72GBSNWS

- HE Sensor Dry - Prevent over-drying and get more wear out of your clothing thanks to innovative dual thermistor technology, that continually monitors temperature and moisture in the dryer.
- Up to 120 ft. venting - Maximize your dryer’s performance with innovative venting, designed to provide optimal airflow, enhanced drying ability, and flexible installation.
- Wrinkle Care - Spend less time ironing thanks to an innovative wrinkle care system that allows you to tumble clothes without heat to reduce creasing.
- My Cycle Settings - Streamline your laundry by choosing your favorite dryer settings on any cycle and saving them for future use.
- Quick Dry - Dry a full load in less time thanks to innovative quick dry technology.
- Damp Alert - Be notified when clothes are the ideal dampness to remove from the dryer for wrinkle-free results.
- Dry Level Options - Four different drying levels to dry the way you want.
- Temperature Options - Four different temperatures for full control over the drying process.
- Sanitize Cycle - Reduce certain types of bacteria by 99.8% with this cycle.
- Warm Up - Quickly warm up your clothes and release set wrinkles.
