

CERAMIC HEATER with ADJUSTABLE THERMOSTAT

Model 754200

The Ceramic Heater with Adjustable Thermostat is perfect for those chilly days in your home or at the office. Its smaller size provides effective, consistent heating and won't get in the way. Its convenient carry handle makes it easy to transport from the floor to the table to wherever warm air is needed the most! With three settings and an adjustable thermostat you can set the heater to your liking

- Adjustable Thermostat Control for Personalized Comfort
- 3 Quiet Comfort Settings:
 - High-1500W/5118BTU
 - Low-900W/3070BTU
 - Fan Only
- Self-Regulating Ceramic Element
- Automatic Overheat Protection
- Convenient Carry Handle
- 3-Year Warranty
- ETL/cETL Listed
