

SAFETY REMINDERS

PRE-RIDE CHECKLIST

Loose Parts

Check and secure all fasteners before every ride. Make sure the collar clamp, T-bar, quick release lever and handlebar spring buttons are locked properly in place before riding.

Replacement Parts

Replace worn or broken parts immediately. Call 1-866-GO-RAZOR for parts.

Safety Gear

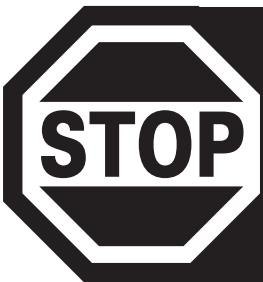

Always wear proper protective equipment such as an approved safety helmet. Elbow pads and kneepads are recommended. Always wear shoes (lace-up with rubber soles), never ride barefooted or in sandals and keep shoelaces tied and out of the way of the wheels.

Be Careful!

You will see people on TV and maybe even people you know doing tricks and stunts. These are people who have been practicing on scooters for a very long time. Do not try something until you are ready. Avoid steep inclines and don't ride too fast — you can lose control and fall. Skateboard parks are not designed for scooters. Never ride in traffic or on the street and watch your surroundings for pedestrians, bikers, boarders and skaters.

Maintain a hold on the handlebars at all times.
