THANK YOU FOR YOUR PURCHASE!

With this power bank, you will enjoy instant charging capabilities for most USB-powered devices.

Works with mobile phones, portable game devices, MP3/MP4 players, and other USB-powered devices (tablets, digital cameras). Comes with macro-to-micro USB cable.

OPERATION

1. Connect the power bank and the device to be charged via the provided USB cable, or the device's own USB cable. Once connected, press the button (if applicable) to charge. When fully charged, remove the USB cable and press the button once more (if applicable) to shut off the power bank.

2. LED Capacity Levels:

4-LED Models:

LED Indicator	1 LED	2 LED	3 LED	4 LED
Power Bank Capacity	0-25%	25-50%	50-75%	75-100%

Single LED Models:

LED Indicator	Red Color	Green, Blue Color, or Off
Power Bank Status	Charging	Fully Charged

3. Charging the Power Bank:

Connect the power bank to a computer or AC adapter via the provided USB cable. This will automatically charge the power bank. Once engaged, the LED light will display as a "fuel gauge". The power bank will be fully charged when all 4 LED lights are lit up (for 4-LED models), or when the LED light turns blue, green, or off (for single LED models).

3. Indicator Light (if applicable):

Press the button twice to turn on the light. Press the button twice again to turn the light off.

SAFETY PRECAUTIONS:

1. Fully charge the power bank before use.
2. If the power bank has not been used for a long time, do not charge it.
3. Do not use the power bank in dusty or wet environments. Also, keep the power bank away from excessive heat / hot surfaces / fire.
4. Please store the power bank at the appropriate temperature: 15°F (-10°C) to 105°F (40°C)
5. During charging and usage, mild heat emanating from the power bank is normal.
6. If the power bank is not being used regularly, it will need to be charged at least once every three months to ensure optimal life.
