There are additional facts about this warranty that you should know: WORKPRO Tools is not responsible for damage resulting from excessive wear, misuse, abuse, damage from accident or alteration of this product. Where permitted by law, WORKPRO is not responsible for accidental or consequential damages. Below replacement policy will help you to determine if a tape measure is defective and should be replaced. WORKPRO tape measures are inspected and tested before shipment and are believed to be free from defects in workmanship and material. We are anxious to make fair and equitable adjustments on any defective tape measures; however, we cannot be responsible for tape measures that have had long use or that show excessive wear or damage from accident, misuse or abuse. THIS LIMITED LIFETIME WARRANTY EXCLUDES ALL INCIDENTAL OR CONSEQUENTIAL DAMAGES. Please refer the below replacement policy as guide when handling claims for adjustment.

## **Tape Measure Replacement Policy**

### **CONDITIONS NOT COVERED BY WARRANTY**

Tape measures indicating excessive wear or showing damage from an accident or misuse will not be replaced free of charge. The examples shown below are the conditions not covered by warranty.

- a. Rust and corrosion on blade or hook indicates that the tape measure has been exposed to moisture for long periods.
- b. Foreign material coating the blade or contaminating the case interior will interfere with tape measure operation.
- c. Blade torn by retracting at high speed, broken by being stepped on or accidentally cut by a power tool.
- d. Bare metal showing on the blade; excessive wear on case exterior indicates that the tape measure is worn out.
- e. Broken parts, cracked cases, twisted or badly kinked blades indicate that the tape measure has been abused.

### **VALID REPLACEMENT CONDITIONS**

A tape measure showing defects in material or workmanship like those shown below will be replaced free of charge. If you believe that your tool meets the criteria for warranty replacement, return the product to the retailer where product was purchased for an exchange, proof of purchase may be required.

- a. Missing hook rivets
- b. Ruler shows little or no wear, no signs of abuse — but blade will not retract into the case or wants to feed itself out of the case mouth.
- c. Ruler shows little or no wear, no signs of abuse — but one of its components is broken or will not function correctly, such as lock won't hold, broken slide lock, etc.
