

Meet the Nest Learning Thermostat.

- Display**
Turns blue when cooling and orange when heating.
- Status**
Shows Time-to-Temp and if it's heating, cooling or using Airwave.
- Current temperature**
Shows the temperature in your home.
- Target temperature**
Shows the temperature you want to reach.
- Nest Leaf**
Appears when you're saving energy.
- Sensor window**
Contains temperature, humidity, light and activity sensors.

Get to know each other.

Press the ring for the menu, then rotate to select.

- Thermostat**
If you have heating and cooling, easily switch between them manually or automatically.
- Energy History**
See how much energy you've used in the last ten days and why.
- Schedule**
See or adjust the schedule the Nest Thermostat has learned from your temperature changes.
- Away**
Set the Nest Thermostat to Away when you leave to save energy while you're gone.
- Settings**
Choose options like Thermostat Lock and Fan Control.

Control from anywhere.

Connect your thermostat to Wi-Fi and you can control it from your phone, tablet or laptop. Just download the free Nest app or go to nest.com/account
