

The Endura Clay products have a Warranty of 1 year,  
against Manufacturer's Defect.

Please call *Exaco Trading Co.* at (877) 760-8500  
if you have any questions.

Exaco Trading aims to satisfy all its customers and as such will do whatever it  
can (within reason) to address a customer's concern with respect to any  
Manufacturer's Defect with respect to any of our products.

None of our products are warranted against any type of severe weather  
damage, regardless of their quality. In case of any of our greenhouses and/or  
pavilions customers are expected to notify their insurance company so that the  
item will be covered by their insurance. In case of damage due to outside  
forces we will work with the customer to replace any needed parts such that  
they will be covered by their insurance pay out – but in some cases due to lack  
of adequate insurance coverage the coverage may not be enough.
