- Wi-Fi® Built-in
- 3 HDMI® Connections
- 3 USB Connections
- 1 Component In
- 1 Shared Composite in (AV)

AUDIO

- 2 Channel Speaker System
- 20W Output Power
- Sound Sync

ENERGY STAR® QUALIFIED

MODELS

40UB8000 40" CLASS (39.5" diagonal)

The LG ULTRA HD 4K* UB8000 shows stunning 4K resolution that's 4 times the resolution of Full HD for a picture so clear, you'll think you are looking through a window. Both Full HD and 4K content is available through our Smart TV** with streaming partners such as Netflix, YouTube, M-Go and more; plus, our Tru-4K Engine upscales all content to near 4K quality so no matter what you watch, it will look better on our UHD TV. And with the HEVC Decoder, the UB8000 is ready to play next generation content with the recently developed HEVC compression format. With UCI 1080 you get stunningly clear fast moving images, which is great for action movies, sports and games.

PRODUCT HIGHLIGHTS

UHD 4K RESOLUTION

LG ULTRA HD TVs offer 4 times the resolution of Full HD* for an ultra-clear picture, even on large screens.

TRU 4K ENGINE

Picture quality is upscaled through a multi-step process that enhances the detail of everything you watch, so you can enjoy the benefit of near 4K resolution today.

HEVC DECODER

Next-generation 4K video uses HEVC-format compression, so a built-in HEVC decoder makes this LG ULTRA HD TV ready to deliver 4K content.

*4K/UHD content delivery standards still being developed. **Internet connection and certain subscriptions required, sold separately. The Magic Remote does not come equipped with all LG Smart TV enabled TVs and a separate purchase may be required.
