

Important Warranty/Repair Information

1. Disassembly or severe modification of your SOG product voids your warranty. Otherwise, your SOG product is covered by a lifetime warranty against manufacturer defects in materials and workmanship. On multi-tools, this applies only to the handles and the plier head, not the individual tool components or pouches. On knives, this does not apply to sheaths/pouches.
2. Loss, theft, misuse, batoning, rust/corrosion, broken blades, and normal wear and tear are not covered by the warranty. Please refer to www.SOGKnives.com for full details.
3. If you need to send us your SOG product for any type of warranty work, fill out all information on this form and include this in the package with your product. This is necessary to process your return or repair work in a reasonable amount of time. You must include an email address to be notified of return shipping information.
