WHAT IS COVERED?

jWIN Electronics Corp. ("jWIN") warrants, to the original purchaser, that its products will be free from defects in materials, parts, and workmanship for the periods designated in each Product Category, above. The Warranty begins on the date of product purchase and covers, during the applicable LABOR Warranty period, the cost of labor to repair your product, along with any new or rebuilt parts required. Should the PARTS Warranty period exceed the LABOR Warranty period, jWIN will supply, without charge for the remainder of the PARTS Warranty, any new or rebuilt replacement parts required by your product. During this time, all necessary labor and service charges become the customer's responsibility. At jWIN's option during any warranty service, your product may be replaced with a new or remanufactured unit, equivalent to your original purchase.

This Warranty does NOT cover purchases made outside the United States and Canada, nor does it apply if the serial number is altered or removed. It does not cover cosmetic damage, antenna damage or loss, damage to AC power cords, cabinets, headbands, ear-pads, or damage due to power line surges, connection to an improper voltage source, the use of improper settings, general misuse, mishandling or improper application, accidents, acts of God, repairs attempted by an unauthorized service agent, or damage incurred while the product is being returned to jWIN.
